## **RULE ONE – THE GAME**

### **Article 1 Definitions**

#### **1.1 Basketball game**

Basketball is played by 2 teams of 5 players each. The aim of each team is to score in the opponents' basket and to prevent the other team from scoring.

The game is conducted by the referees, table officials and a commissioner, if present.

#### **1.2 Participants' responsibility**

All participants in the game, table officials, the technical delegates/commissioners, if present, all team members entitled to play, the head coaches and other accompanying delegation members should play a positive role in the smooth running of the game and are expected to always demonstrate ethical behaviour. Should they become aware of an inaccuracy (correctable error) in scorekeeping involving the score, fouls, time-outs as well as the timekeeping and shot clock operations, they are expected to notify the referees immediately to ensure and facilitate the error to be corrected in accordance with these rules.

#### **1.3 Basket: opponents'/own**

The basket that is attacked by a team is the opponents' basket and the basket which is defended by a team is its own basket.

#### **1.4 Winner of a game**

The team that has scored the greater number of points at the end of playing time shall be the winner.

## RULE TWO – COURT AND EQUIPMENT

### Article 2 Court

#### 2.1 Court

The court shall have a flat, hard surface free from obstructions (Diagram 1) with dimensions of 28 m in length by 15 m in width measured from the inner edge of the boundary line.

#### 2.2 Floor

The floor shall include the court area surrounded by a further boundary lane free from obstructions with a minimum of 2 m in width (Diagram 2). Therefore, the floor shall have dimensions of a minimum of 32 m in length and a minimum of 19 m in width.

#### 2.3 Backcourt

A team's backcourt consists of its team's own basket, the inbounds part of the backboard and that part of the court limited by the endline behind its own basket, the sidelines and the centre line.

#### 2.4 Frontcourt

A team's frontcourt consists of the opponents' basket, the inbounds part of the backboard and that part of the court limited by the endline behind the opponents' basket, the sidelines and the inner edge of the centre line nearest to the opponents' basket.

#### 2.5 Lines

All lines shall be of the same colour and marked in white or other contrasting colour, 5 cm in width and clearly visible.

##### 2.5.1 Boundary line

The court shall be limited by the boundary line, consisting of the endlines and the sidelines. These lines are not part of the court.

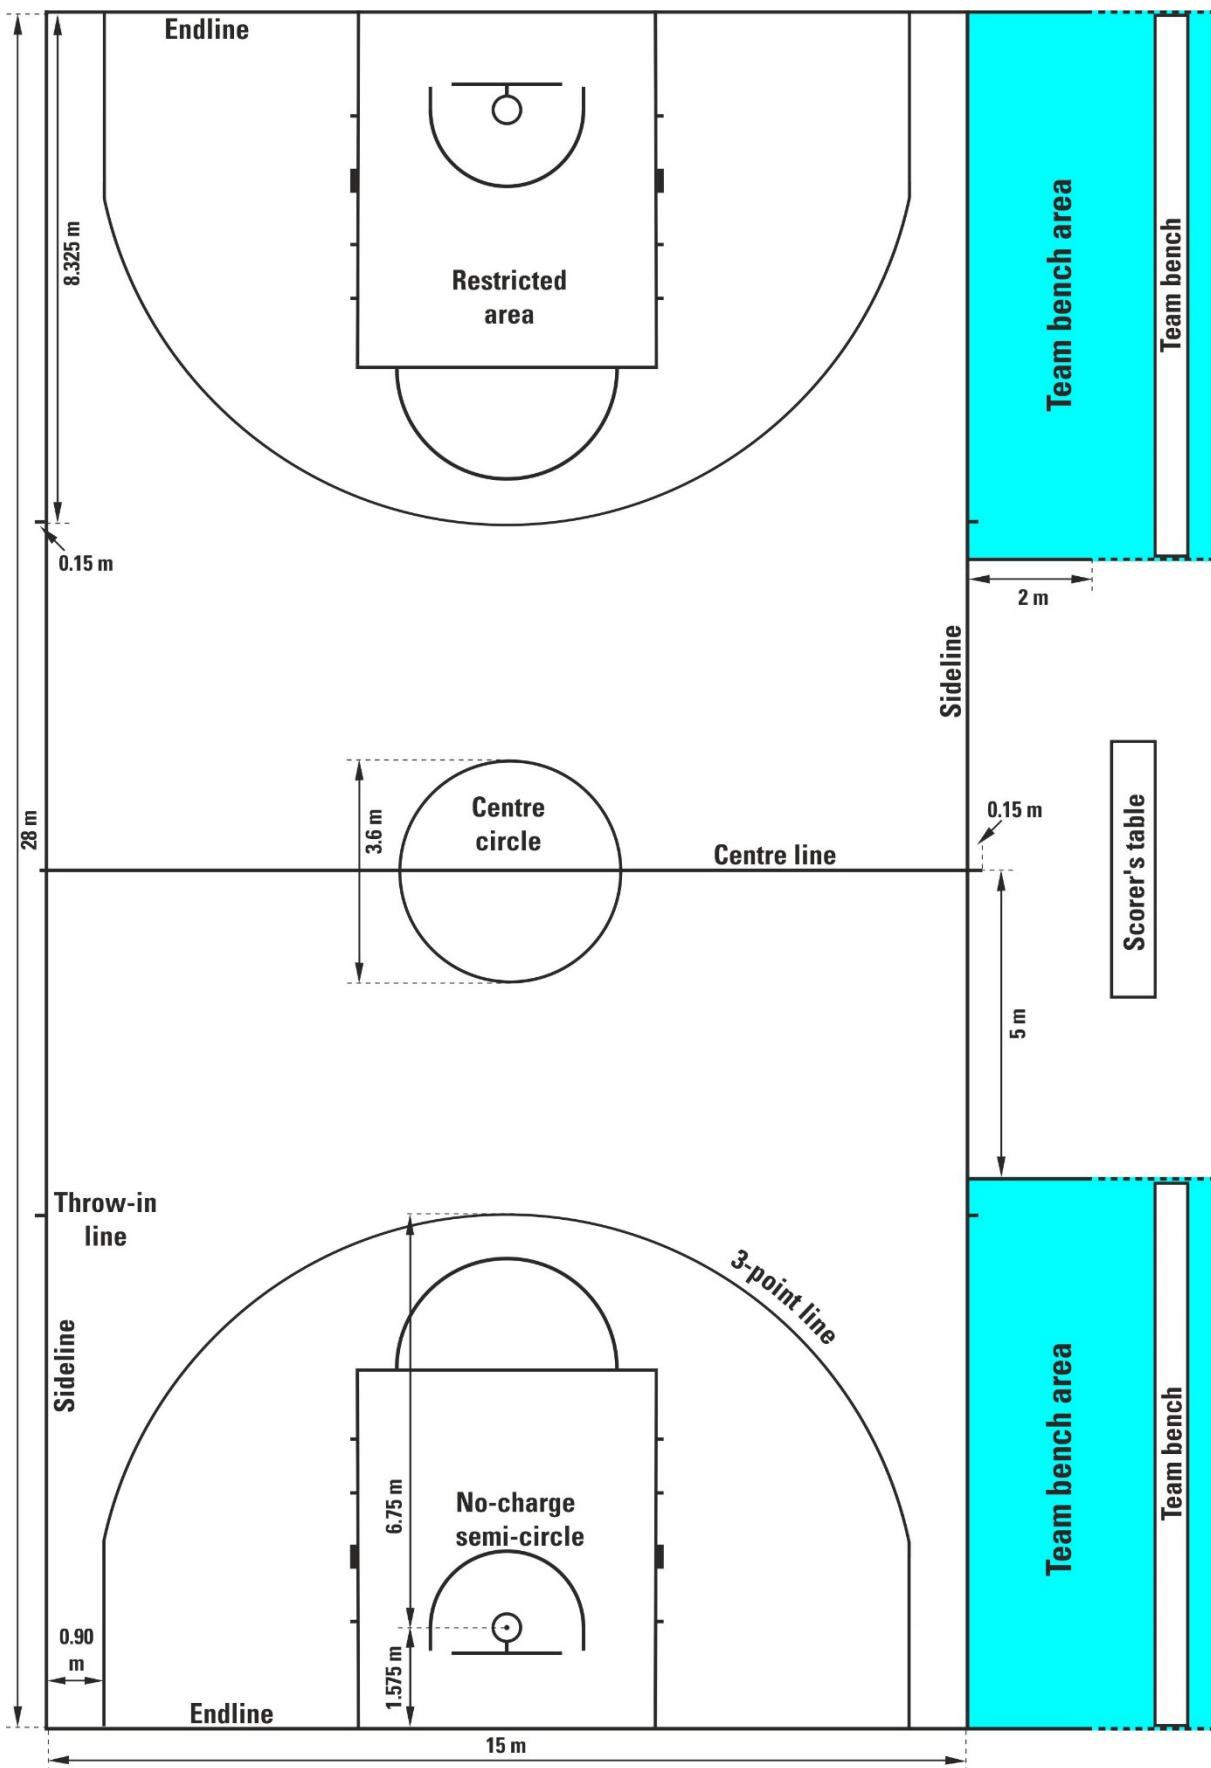

Any obstruction including seated head coach, first assistant coach, substitutes, excluded players and accompanying delegation members shall be at least 2 m from the court.

##### 2.5.2 Centre line, centre circle and free-throw semi-circles

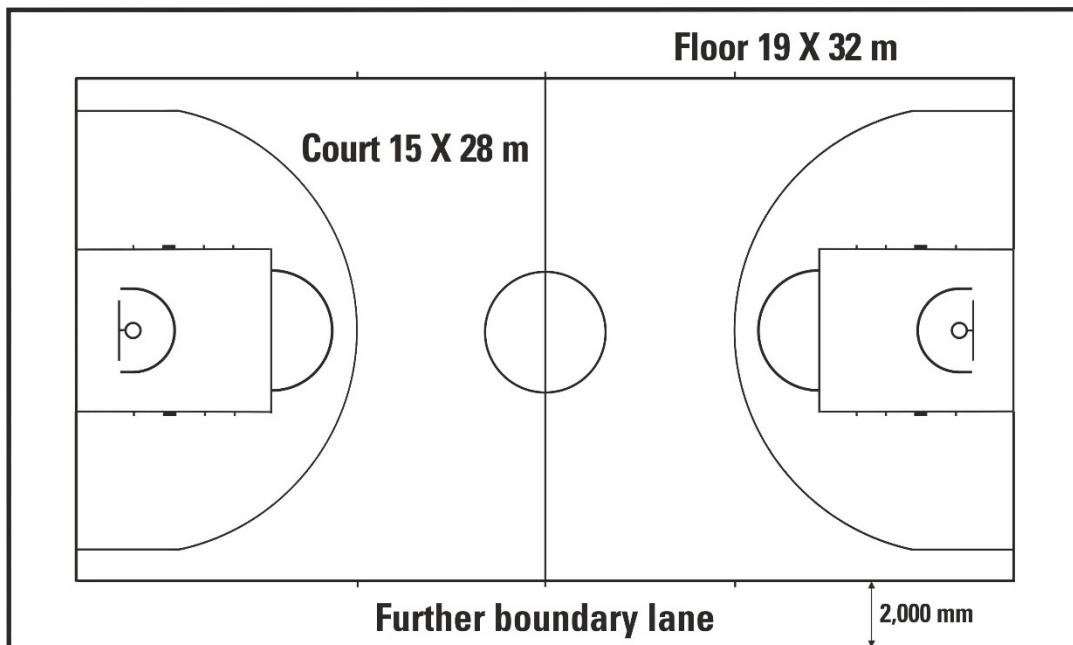

The centre line shall be marked parallel to the endlines from the mid-point of the sidelines. It shall extend 0.15 m beyond each sideline. The centre line is part of the backcourt.

The centre circle shall be marked in the centre of the court and have a radius of 1.80 m measured to the outer edge of the circumference.

The free-throw semi-circles shall be marked on the court with a radius of 1.80 m measured to the outer edge of the circumference and with their centres at the mid-point of the free-throw lines (Diagram 3).

**Diagram 1** Full size court

**Diagram 2 Court and floor**

### 2.5.3 Free-throw lines, restricted areas and free-throw rebound places

The free-throw line shall be marked parallel to each endline. It shall have its furthest edge 5.80 m from the inner edge of the endline and shall be 3.60 m long. Its mid-point shall lie on the imaginary line joining the mid-point of the 2 endlines.

The restricted areas shall be the rectangular areas marked on the court limited by the endlines, the extended free-throw lines and the lines which originate at the endlines, their outer edges being 2.45 m from the mid-point of the endlines and terminating at the outer edge of the extended free-throw lines. These lines, excluding the endlines, are part of the restricted area.

Free-throw rebound places along the restricted areas, reserved for players during free throws, shall be marked as in Diagram 3.

### 2.5.4 3-point goal area

The team's 3-point goal area (Diagram 1 and Diagram 4) shall be the entire court area, except for the area near the opponents' basket, limited by and including:

- The 2 parallel lines extending from and perpendicular to the endline, with the outer edge 0.90 m from the inner edge of the sidelines.
- An arc of radius 6.75 m measured from the point on the court beneath the exact centre of the opponents' basket to the outer edge of the arc. The distance of the point on the court from the inner edge of the mid-point of the endline is 1.575 m. The arc is joined to the parallel lines.

The 3-point line is not part of the 3-point goal area.

### 2.5.5 Team bench areas

The team bench areas shall be marked outside the court limited by 2 lines as in Diagram 1.

There must be 16 seats available in each team bench area for the head coach, the substitutes, the excluded players and the accompanying delegation members including assistant coaches. Any other persons shall be located at least 2 m behind the team bench.

## 2.5.6 Throw-in lines

The 4 throw-in lines, 2 of them on each sideline, of 0.15 m in length shall be marked outside the court, with the outer edge of the lines 8.325 m from the inner edge of the nearest endline.

## 2.5.7 No-charge semi-circle areas

The no-charge semi-circle areas shall be marked on the court, limited by:

- A semi-circle line with the radius of 1.30 m measured from the point on the court beneath the exact centre of the basket to the outer edge of the semi-circle. The semi-circle line is joined to:
- The 2 parallel lines perpendicular to the endline, the outer edge 1.30 m from the point on the court beneath the exact centre of the basket, 0.375 m in length and ending 1.20 m from the inner edge of the endline.

The no-charge semi-circle areas are completed by imaginary lines joining the ends of the parallel lines directly below the front edges of the backboards.

The no-charge semi-circle lines are part of the no-charge semi-circle areas.

If it is necessary to protect an injured player, the referees may stop the game immediately.
- 5.3 If an injured player cannot continue to play immediately (within approximately 15 seconds) or if a player receives treatment or any assistance from the player's own head coach, assistant coaches, substitutes, excluded players and/or accompanying delegation members, that player must be substituted unless the team is reduced to fewer than 5 players on the court.

- 5.6 During the game, any player who is bleeding or has an open wound must be substituted. The player may return to the court only after the bleeding has stopped and the affected area or open wound has been completely and securely covered.
- 5.7 If the injured player or any player who is bleeding or has an open wound recovers during a time-out taken by either team before the timer's signal for the substitution, that player may continue to play.
- 5.8 Players who have been designated by the head coach to start the game or who receive treatment between free throws may be substituted in the event of an injury. In this case, the opponents are also entitled to substitute the same number of players, if they wish.

## Article 6 Captain: Duties and powers

- 6.1 The captain (CAP) is a player designated by the head coach to represent the team on the court. The captain may communicate in a courteous manner with the referees during the game to obtain information only when the ball is dead and the game clock is stopped.
- 6.2 The captain shall inform the crew chief no later than 15 minutes following the end of the game, if the team is protesting against the result of the game and shall sign the scoresheet in the 'Captain's signature in case of protest' column.

## **Article 7 Head coach and first assistant coach: Duties and powers**

- 7.1 At least 40 minutes before the game is scheduled to start, each head coach or the team's representative shall give the scorer a list with the names and corresponding numbers of the team members who are eligible to play in the game, as well as the name of the captain of the team, the head coach and the first assistant coach. All team members whose names are entered on the scoresheet are entitled to play, even if they arrive after the start of the game.
- 7.2 At least 10 minutes before the game is scheduled to start, each head coach shall confirm the names and corresponding numbers of the team members and the names of the head coach and first assistant coach by signing the scoresheet. At the same time, the head coach shall indicate the 5 players to start the game. The head coach of team 'A' shall be the first to provide this information.
- 7.3 The head coaches, assistant coaches, substitutes, excluded players and accompanying delegation members are the only persons permitted to sit and remain within their team bench area. During playing time all substitutes, excluded players and accompanying delegation members shall remain seated.
- 7.4 The head coach or the first assistant coach may go to the scorer's table during the game to obtain statistical information only when the ball becomes dead and the game clock is stopped.
- 7.5 The head coach may communicate in a courteous manner with the referees during the game to obtain information only when the ball is dead and the game clock is stopped.
- 7.6 Either the head coach or the first assistant coach, but only one of them at any given time, is permitted to remain standing during the game. They may address the players verbally during the game provided they remain within their team bench area. The first assistant coach shall not communicate with the referees.
- 7.7 The name of first assistant coach, if any, must be entered on the scoresheet before the start of the game (a signature is not necessary). The first assistant coach shall assume all duties and powers of the head coach if, for any reason, the head coach is unable to continue.
- 7.8 If the captain leaves the court, the head coach shall inform a referee of the number of the player who shall act as captain on the court.
- 7.9 The captain shall act as player head coach if there is no head coach, or if the head coach is unable to continue and there is no first assistant coach entered on the scoresheet (or the latter is unable to continue). If the captain must leave the court, that captain may continue to act as player head coach. If the captain must leave following a disqualifying foul or is unable to act as player head coach because of injury, the substitute as captain may act as player head coach.
- 7.10 The head coach shall designate the free-throw shooter of the team in all cases where the free-throw shooter is not determined by the rules.

## RULE FOUR – PLAYING REGULATIONS

### Article 8 Playing time, tied score and overtime

- 8.1 The game shall consist of 4 quarters of 10 minutes each.
- 8.2 There shall be an interval of play of 20 minutes before the game is scheduled to start.
- 8.3 There shall be the intervals of play of 2 minutes between the first and second quarter (first half), between the third and fourth quarter (second half) and before each overtime.
- 8.4 There shall be a half-time interval of play of 15 minutes.
- 8.5 An interval of play starts:
  - 20 minutes before the game is scheduled to start.
  - When the game clock signal sounds for the end of the quarter or overtimes.
- 8.6 An interval of play ends:
  - At the start of the first quarter when the ball leaves the hand(s) of the crew chief on the toss for the jump ball in the centre circle.
  - At the start of all other quarters and overtimes when the ball is at the disposal of the thrower-in.
- 8.7 If the score is tied at the end of the fourth quarter, the game shall continue with as many overtimes of 5 minutes duration each as necessary to break the tie.  
If the aggregated score of both games for a 2-games home and away total points series competition system is tied at the end of the second game, this game shall continue with as many overtimes of 5 minutes duration each as necessary to break the tie.
- 8.8 If a foul is committed near the end of a quarter and overtime, the referee shall determine the remaining playing time. A minimum of 0.1 second shall be shown on the game clock.
- 8.9 If a technical, unsportsmanlike or disqualifying foul is committed during an interval of play, any eventual free throw(s) shall be administered before the start of the following quarter or overtime.

### Article 9 Start and end of a quarter, overtime or the game

- 9.1 The first quarter starts when the ball leaves the hand(s) of the crew chief on the toss for the jump ball in the centre circle.
- 9.2 All other quarters or overtimes start when the ball is at the disposal of the thrower-in.
- 9.3 The game cannot start if one or both teams are not on the court with 5 players ready to play.
- 9.4 For all games, the first team named in the schedule (home team) shall have its team bench and warm-up half-court before the game on the left side of the scorer's table, when facing the court from the scorer's table.

However, if both teams agree, they may exchange the team benches and/or warm-up half-courts for the first half.

- 9.5 Teams shall exchange their warm-up half-courts and baskets for the second half.
- 9.6 In all overtimes the teams shall continue to play towards the same baskets as in the fourth quarter.
- 9.7 A quarter, overtime or game shall end when the game clock signal sounds for the end of the quarter or overtime. When the backboard is equipped with red lighting around its perimeter, the lighting takes precedence over the game clock signal sound.

## **Article 10 Status of the ball**

- 10.1 The ball can be either live or dead.
- 10.2 The ball becomes **live** when:
  - During the jump ball, the ball leaves the hand(s) of the crew chief on the toss.
  - During a free throw, the ball is at the disposal of the free-throw shooter.
  - During a throw-in, the ball is at the disposal of the thrower-in.
- 10.3 The ball becomes **dead** when:
  - Any goal or free throw is made.
  - A referee blows the whistle while the ball is live.
  - It is apparent that the ball shall not enter the basket on a free throw which is to be followed by:
    - Another free throw(s).
    - A further penalty (free throw(s) and/or possession).
  - The game clock signal sounds for the end of the quarter or overtime.
  - The shot clock signal sounds while a team is in control of the ball.
  - The ball in flight on a shot for a goal is touched by a player from either team after:
    - A referee blows the whistle.
    - The game clock signal sounds for the end of the quarter or overtime.
    - The shot clock signal sounds.
- 10.4 The ball does not become dead and the goal counts if made when:
  - The ball is in flight on a shot for a goal and:
    - A referee blows the whistle.
    - The game clock signal sounds for the end of the quarter or overtime.
    - The shot clock signal sounds.
  - The ball is in flight on a free throw and a referee blows the whistle for any rule infraction other than by the free-throw shooter.
  - The ball is in the control of a shooter for a goal who finishes the shot with a continuous motion which started before a foul is committed by any opponent player or by any person permitted to sit on the opponents' team bench.  
This provision does not apply, and the goal shall not count if after a referee blows the whistle an entirely new act of shooting is made.

## Article 11 Location of a player and a referee

- 11.1 The location of a player is determined by where that player is touching the floor.  
While airborne, the player shall retain the same status as where that player last touched the floor. This includes the boundary line, the centre line, the 3-point line, the free-throw line, the lines delimiting the restricted area and the lines delimiting the no-charge semi-circle area.
- 11.2 The location of a referee is determined in the same manner as that of a player. When the ball touches a referee, it is the same as touching the floor at the referee's location.

## Article 12 Jump ball and alternating possession

### 12.1 Jump ball definition

- 12.1.1 **A jump ball** occurs when a referee tosses the ball between any 2 opponents.
- 12.1.2 **A held ball** occurs when one or more players from opposing teams have one or both hands firmly on the ball so that neither player can gain control without undue roughness.

### 12.2 Jump ball procedure

- 12.2.1 Each jumper shall stand with both feet inside the half of the centre circle nearest to the player's own basket with one foot close to the centre line.
- 12.2.2 Team-mates may not occupy adjacent positions around the circle if an opponent wishes to occupy one of those positions.
- 12.2.3 The referee shall then toss the ball vertically upwards between the 2 opponents, higher than either of them can reach by jumping.
- 12.2.4 The ball must be tapped with the hand(s) of at least one of the jumpers after it has started its downward flight.
- 12.2.5 Neither jumper shall leave the jumper's position until the ball has been legally tapped.
- 12.2.6 Neither jumper may catch the ball or tap it more than twice until it has touched one of the non-jumpers or the court.
- 12.2.7 If the ball is not tapped by at least one of the jumpers, the jump ball shall be repeated.
- 12.2.8 No part of a non-jumper's body may be on or over the circle line (cylinder) before the ball has been tapped.

An infraction of Article 12.2.1, 12.2.4, 12.2.5, 12.2.6, and 12.2.8 is a violation.

### 12.3 Penalty

The ball shall be awarded to the opponents for a throw-in from the place nearest to the infraction, except from directly behind the backboard.

### 12.4 Jump ball situations

A jump ball situation occurs when:

- A held ball is called.
- The ball goes out-of-bounds and the referees are in doubt or disagree on which of the opponents last touched the ball.
- A double free-throw violation occurs during an unsuccessful last free throw.

- A live ball lodges between the ring and the backboard except:
  - Between free throws,
  - After the last free throw followed by a throw-in from the throw-in line in the team's frontcourt, opposite the scorer's table.
- The ball becomes dead when neither team has control of the ball nor is entitled to the ball.
- After the cancellation of equal penalties on both teams, if there are no other foul penalties remaining for administration and neither team had control of the ball nor was entitled to the ball before the first foul or violation.
- All quarters other than the first quarter and all overtimes are to start.

## **12.5 Alternating possession definition**

Alternating possession is a method of causing the ball to become live with a throw-in rather than a jump ball.

## **12.6 Alternating possession procedure**

- 12.6.1 In all jump ball situations teams shall alternate possession of the ball for a throw-in from the place nearest to where the jump ball situation occurs, except directly behind the backboard.
- 12.6.2 The team that does not gain the first team control of a live ball after the jump ball shall be entitled to the first alternating possession throw-in.
- 12.6.3 The team entitled to the next alternating possession at the end of any quarter or overtime shall start the next quarter or overtime with a throw-in from the centre line extended, opposite the scorer's table, unless there are further free throws and a possession penalty to be administered.
- 12.6.4 The team entitled to the alternating possession throw-in shall be indicated by the alternating possession arrow in the direction of the opponents' basket. The direction of the alternating possession arrow shall be reversed immediately when the alternating possession throw-in ends.
- 12.6.5 A violation by a team during its alternating possession throw-in causes that team to lose the alternating possession throw-in. The direction of the alternating possession arrow shall be reversed immediately, indicating that the opponents of the violating team shall be entitled to the alternating possession throw-in at the next jump ball situation. The game shall then be resumed by awarding the ball to the opponents of the violating team for a throw-in from the place of the original throw-in.
- 12.6.6 A foul by either team:
  - Before the start of a quarter other than the first quarter or an overtime, or
  - During the alternating possession throw-in,
 does not cause the team entitled to the throw-in to lose that alternating possession.

## Article 13 How the ball is played

### 13.1 Definition

During the game, the ball is played with the hand(s) only and may be passed, thrown, tapped, rolled or dribbled in any direction, subject to the restrictions of these rules.

### 13.2 Rule

A player shall not run with the ball, deliberately touch the ball, kick or block it with any part of the leg or strike it with the fist.

However, to accidentally come into contact with or touch the ball with any part of the leg is not a violation.

An infraction of Article 13.2 is a violation.

### 13.3 Penalty

The ball shall be awarded to the opponents for a throw-in from the place nearest to the infraction, except from directly behind the backboard.

## Article 14 Control of the ball

### 14.1 Definition

14.1.1 Team control **starts** when a player of that team is in control of a live ball by holding or dribbling it or has a live ball at a player's disposal.

14.1.2 Team control **continues** when:

- A player of that team is in control of a live ball.
- The ball is being passed between team-mates.

14.1.3 Team control **ends** when:

- An opponent gains control.
- The ball becomes dead.
- The ball has left the player's hand(s) on a shot for a goal or for a free throw.

## Article 15 Player in the act of shooting

### 15.1 Definition

15.1.1 A shot for a goal or a free throw is when the ball is held in a player's hand(s) and is then thrown into the air towards the opponents' basket.

A tap for a goal is when the ball is directed with the hand(s) towards the opponents' basket.

A dunk for a goal is when the ball is forced downwards into the opponents' basket with one or both hands.

A continuous movement on drives to the basket or other moving shots is an action of a player who catches the ball while progressing or upon completion of the dribble and then continues with the shooting motion, usually upwards.

15.1.2 The act of shooting:

- Starts when the player begins to move the ball upwards towards the opponents' basket.
- Ends when the ball has left the player's hand(s), or if an entirely new act of shooting is made and, in case of an airborne shooter, both feet have returned to the floor.

- 15.1.3 The act of shooting in a continuous movement on a drive to the basket or other moving shot:
- Starts when the ball has come to rest in the player's hand(s), upon completion of a dribble or a catch in the air and the player begins the shooting motion preceding the release of the ball for a goal.
  - Ends when the ball has left the player's hand(s), or if an entirely new act of shooting is made and, in case of an airborne shooter, both feet have returned to the floor.
- 15.1.4 There is no relationship between the number of legal steps taken and the act of shooting.
- 15.1.5 During the act of shooting the player might have the arm(s) held by an opponent, thus being prevented from scoring. In this case it is not essential that the ball leaves the player's hand(s).
- 15.1.6 When a player is in the act of shooting and after being fouled passes the ball off, that player is no longer considered to have been in the act of shooting.

## **Article 16 Goal: When made and its value**

### **16.1 Definition**

- 16.1.1 A goal is made when a live ball enters the basket from above and remains within or passes through the basket entirely.
- 16.1.2 The ball is considered to be within the basket when the slightest part of the ball is within the basket and below the level of the ring.

### **16.2 Rule**

- 16.2.1 A goal is credited to the team attacking the opponents' basket into which the ball has entered as follows:
- A goal released from a free throw counts 1 point.
  - A goal released from the 2-point goal area counts 2 points.
  - A goal released from the 3-point goal area counts 3 points.
- After the ball has touched the ring on a last free throw and is legally touched by any player before it enters the basket, the goal counts 2 points.
- 16.2.2 If a player **accidentally** scores a goal in the player's own basket, the goal counts 2 points and shall be entered on the scoresheet as having been scored by the captain of the opponents' team on the court.
- 16.2.3 If a player **deliberately** scores a goal in the player's own basket, it is a violation and the goal shall not count.
- 16.2.4 If a player causes the entire ball to pass through the basket from below, it is a violation.
- 16.2.5 The game clock or the shot clock must show 0.3 (3 tenths of a second) or more for a player to gain control of the ball on a throw-in or on a rebound after the last free throw in order to attempt a shot for a goal. If the game clock or the shot clock show 0.2 or 0.1 the only type of a valid goal that can be made is by tapping or directly dunking the ball, provided that the hand(s) of the player are no longer touching the ball when the game clock or the shot clock show 0.0.

## Article 17 Throw-in

### 17.1 Definition

17.1.1 A throw-in occurs when the ball is passed on to the court by the out-of-bounds thrower-in.

17.1.2 A throw-in:

- Starts when the ball is at the disposal of the thrower-in.
- Ends when:
  - The ball touches or is legally touched by any player on the court.
  - The team of the thrower-in commits a violation.
  - A live ball lodges between the ring and the backboard during a throw-in.

### 17.2 Procedure

17.2.1 A referee must hand or place the ball at the disposal of the thrower-in. The referee may also toss or bounce pass the ball provided that:

- The referee is no more than 4 m from the thrower-in.
- The thrower-in is at the correct place as designated by the referee.

17.2.2 The player shall take the throw-in from the place nearest to the infraction or where the game was stopped, except from directly behind the backboard.

17.2.3 At the start of all quarters other than the first quarter and all overtimes, the throw-in shall be administered from the centre line extended, opposite the scorer's table.

The thrower-in shall have one foot on either side of the centre line extended, opposite the scorer's table, and shall be entitled to pass the ball to a team-mate at any place on the court.

17.2.4 When the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime, following a time-out taken by the team entitled to the possession of the ball from its backcourt, the head coach of that team has the right to decide whether the game shall be resumed with a throw-in from the throw-in line in the team's frontcourt or from the team's backcourt at the place nearest to where the game was stopped.

If the head coach decides to resume the game with a frontcourt throw-in and the original throw-in is in the backcourt from

- the endline after a successful goal or a successful last free throw, the head coach shall decide whether the throw-in shall take place from the throw-in line on the table side or on opposite side.
- the sideline or the endline after a foul or violation, the throw-in shall take place in the frontcourt from the throw-in line at the same side of the court (table side or opposite side) as the original throw-in.

17.2.5 Following a personal foul committed by a player of the team in control of a live ball, or of the team entitled to the ball, the game shall be resumed with a throw-in from the place nearest to the infraction.

17.2.6 Following a technical foul, the game shall be resumed with a throw-in from the place nearest to where the ball was located when the technical foul was committed, unless otherwise stated in these rules.

17.2.7 Following an unsportsmanlike or disqualifying foul, the game shall be resumed with a throw-in from the throw-in line in the team's frontcourt, opposite the scorer's table, unless otherwise stated in these rules.

- 17.2.8 Following a fight, the game shall be resumed as stated in Article 39.
- 17.2.9 Whenever the ball enters the basket, but the goal or the last free throw is not valid, the game shall be resumed with a throw-in from the free-throw line extended.
- 17.2.10 Following a successful goal or a successful last free throw:
- Any player of the non-scoring team shall take the throw-in from any place behind that team's endline. This is also applicable after a referee hands or places the ball at the disposal of the thrower-in after a time-out or after any interruption of the game following a successful goal or a successful last free throw.
  - The thrower-in from behind the endline may move laterally along the endline and/or backwards and the ball may be passed between team-mates, but the 5-second count starts when the ball is at the disposal of the first player out-of-bounds.

### **17.3 Rule**

- 17.3.1 The thrower-in shall not:
- Take more than 5 seconds to release the ball.
  - Step on to the court while having the ball in the hand(s).
  - Cause the ball to touch out-of-bounds, after it has been released on the throw-in.
  - Touch the ball on the court before it has touched another player.
  - Cause the ball to enter the basket directly.
  - Move from the designated throw-in place behind the boundary line laterally in one or both directions, exceeding a total distance of 1 m before releasing the ball. However, the player is permitted to move directly backwards from the boundary line as far as circumstances allow.
- 17.3.2 During the throw-in other player(s) shall not:
- Have any part of their bodies over the boundary line before the ball has been thrown-in across the boundary line.
  - Be closer than 1 m to the thrower-in when the throw-in place has less than 2 m distance between the boundary line and any out-of-bounds obstructions.
- 17.3.3 When the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime and there is a throw-in, the referee shall use an 'illegal boundary line crossing' signal as a warning before administering the throw-in.

If a defensive player then:

- Moves any part of the body over the boundary line to interfere with a throw-in, or
- Is closer than 1 m to the thrower-in when the throw-in place has less than 2 m distance,

it is a violation and shall lead to a technical foul.

**An infraction of Article 17.3 is a violation.**

### **17.4 Penalty**

The ball shall be awarded to the opponents for a throw-in from the place of the original throw-in.

## Article 18 Time-out

### 18.1 Definition

A time-out is an interruption of the game requested by the head coach or first assistant coach.

### 18.2 Rule

18.2.1 Each time-out shall last 1 minute.

18.2.2 A time-out may be granted during a time-out opportunity.

18.2.3 A time-out opportunity starts when:

- For both teams, the ball becomes dead, the game clock is stopped and the referee has ended communication with the scorer's table.
- For both teams, the ball becomes dead following a successful last free throw.
- For the non-scoring team, a goal is scored.

18.2.4 A time-out opportunity ends when the ball is at the disposal of a player for a throw-in or for a first free throw.

18.2.5 Each team may be granted:

- 2 time-outs during the first half.
- 3 time-outs during the second half with a maximum of 2 of these time-outs when the game clock shows 2:00 minutes or less in the fourth quarter.
- 1 time-out during each overtime.

18.2.6 Unused time-outs may not be carried over to the next half or overtime.

18.2.7 A time-out is charged against the team whose head coach or first assistant coach first made a request unless the time-out is granted following a goal scored by the opponents and without an infraction having been committed.

18.2.8 A time-out shall not be permitted to the scoring team when the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime and, following a successful goal unless a referee has interrupted the game.

### 18.3 Procedure

18.3.1 Only a head coach or first assistant coach has the right to request a time-out. The coach shall establish visual contact with the scorer's table or shall go to the scorer's table and ask clearly for a time-out, making the proper conventional sign with the hands.

18.3.2 A time-out request may be cancelled only before the timer's signal has sounded for such a request.

18.3.3 The time-out period:

- Starts when the referee blows the whistle and gives the time-out signal.
- Ends when the referee blows the whistle and beckons the teams back on the court.

18.3.4 When a time-out opportunity starts, the timer shall sound the signal to notify the referees that a team has requested a time-out.

If a goal is scored against a team which has requested a time-out, the timer shall immediately stop the game clock and sound the signal.

- 18.3.5 During the time-out and during an interval of play before the start of the second and fourth quarter or each overtime, the players may leave the court and sit on the team bench and any person permitted to sit on the team bench may enter the court provided they remain within the vicinity of their team bench area.
- 18.3.6 If the request for the time-out is made by either team after the ball is at the disposal of the free-throw shooter for the first free throw, the time-out shall be granted if:
- The last free throw is successful.
  - The last free throw, if not successful, is followed by a throw-in.
  - A foul is committed between free throws. In this case, the set of free throws shall be completed and the time-out shall be permitted before the new foul penalty is administered, unless otherwise stated in these rules.
  - A foul is committed before the ball becomes live after the last free throw. In this case, the time-out shall be permitted before the new foul penalty is administered.
  - A violation is committed before the ball becomes live after the last free throw. In this case, the time-out shall be permitted before the throw-in is administered.
- In the event of consecutive sets of free throws and/or possession of the ball resulting from more than 1 foul penalty, each set is to be treated separately.

## Article 19 Substitution

### 19.1 Definition

A substitution is an interruption of the game requested by the substitute to become a player.

### 19.2 Rule

19.2.1 A team may substitute a player(s) during a substitution opportunity.

19.2.2 A substitution opportunity starts when:

- For both teams, the ball becomes dead, the game clock is stopped and the referee has ended communication with the scorer's table.
- For both teams, the ball becomes dead following a successful last free throw.
- For the non-scoring team, a goal is scored when the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime.

19.2.4 A player who has become a substitute and a substitute who has become a player cannot respectively re-enter the game or leave the game until the ball becomes dead again after a game clock running period, unless:

- The team is reduced to fewer than 5 players on the court.
- The player entitled to the free-throws as the result of the correction of an error is on the team bench after having been legally substituted.

19.2.5 A substitution shall not be permitted to the scoring team when the game clock is stopped following a successful goal when the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime, unless a referee has interrupted the game.

19.2.6 If the player receives any treatment or any assistance, that player must be substituted unless the team is reduced to fewer than 5 players on the court.

### 19.3 Procedure

19.3.1 Only a substitute has the right to request a substitution. The substitute (not the head coach or the first assistant coach) shall go to the scorer's table and ask clearly for a substitution, making the proper conventional sign with the hands, or sit on the substitution chair, ready to play immediately.

19.3.2 A substitution request may be cancelled only before the timer's signal has sounded for such a request.

19.3.3 When a substitution opportunity starts, the timer shall sound the signal to notify the referees that a request for a substitution has been made.

19.3.4 The substitute shall remain outside the boundary line until the referee blows the whistle, gives the substitution signal and beckons the substitute to enter the court.

19.3.5 The substituted player is permitted to go directly to the team bench without reporting either to the timer or the referee.

19.3.6 Substitutions shall be completed as quickly as possible. A player who has committed 5 fouls or has been disqualified must be substituted immediately (taking no more than 30 seconds). If there is a delay of the game, a time-out may be charged against the offending team. If the team has no time-out remaining, a technical foul for delaying the game may be charged against the head coach, entered as a 'B'.

- 19.3.7 If a substitution is requested during a time-out or during an interval of play other than the half-time interval, the substitute must report to the timer before entering the game.
- 19.3.8 If the free-throw shooter must be substituted because of
- being injured, or
  - having committed 5 fouls, or
  - having been disqualified,
- the free throw(s) must be attempted by the substitute who may not be substituted again until after having played in the next game clock running period.
- 19.3.9 If the request for a substitution is made by either team after the ball is at the disposal of the free-throw shooter for the first free throw, the substitution shall be granted if:
- The last free throw is successful.
  - The last free throw, if not successful, is followed by a throw-in.
  - A foul is committed between free throws. In this case, the free throw(s) shall be completed and the substitution shall be permitted before the new foul penalty is administered, unless otherwise stated in these rules.
  - A foul is committed before the ball becomes live after the last free throw. In this case, the substitution shall be permitted before the new foul penalty is administered.
  - A violation is committed before the ball becomes live after the last free throw. In this case, the substitution shall be permitted before the throw-in is administered.
- In the event of consecutive sets of free throws and/or possession of the ball resulting from more than 1 foul penalty, each set is to be treated separately.

## **Article 20 Game lost by forfeit**

A team shall lose the game by forfeit if:

- The team is not present or is unable to field 5 players ready to play 15 minutes after the game is scheduled to start.
- Its actions prevent the game from being played.
- It refuses to play after being instructed to do so by the crew chief.

### **20.2 Penalty**

- 20.2.2 For a 2-games (home and away) total points series (aggregate score) and for Play-Offs (best of 3), the team that forfeits in the first, second, or third game shall lose the series or Play-Offs by 'forfeit'. This does not apply for Play-Offs (best of 5 and best of 7).
- 20.2.3 If in a tournament the team forfeits for the second time, the team shall be disqualified from the tournament and the results of all games played by this team shall be nullified.

## Article 21 Game lost by default

### 21.1 Rule

A team shall lose a game by default if during the game, the team has fewer than 2 players on the court ready to play.

### 21.2 Penalty

- 21.2.1 If the team to which the game is awarded is ahead, the score shall stand as at the time when the game was stopped. If the team to which the game shall be awarded is not ahead, the score shall be 2 to 0 in its favour. The defaulting team shall receive 1 classification point.
- 21.2.2 For a 2-games (home and away) total points series (aggregate score), the team that defaults in the first or in the second game shall lose the series by 'default'.

## RULE FIVE – VIOLATIONS

### Article 22 Violations

#### 22.1 Definition

A violation is an infraction of the rules.

#### 22.2 Penalty

The ball shall be awarded to the opponents for a throw-in from the place nearest to the infraction, except from directly behind the backboard, unless otherwise stated in these rules.

### Article 23 Player out-of-bounds and ball out-of-bounds

#### 23.1 Definition

23.1.1 A **player** is out-of-bounds when any part of the body is in contact with the floor, or any object other than a player above, on or outside the boundary line.

23.1.2 The **ball** is out-of-bounds when it touches:

- A player or any other person who is out-of-bounds.
- The floor or any object above, on or outside the boundary line.
- The backboard supports, the back of the backboards or any object above the court.

#### 23.2 Rule

23.2.1 The ball is caused to go out-of-bounds by the last player to touch or be touched by the ball before it goes out-of-bounds, even if the ball then goes out-of-bounds by touching something other than a player.

23.2.2 If the ball is out-of-bounds because of touching or being touched by a player who is on or outside the boundary line, this player causes the ball to go out-of-bounds.

23.2.3 If a player moves out-of-bounds or to the player's backcourt during a held ball, a jump ball situation occurs.

### Article 24 Dribbling

#### 24.1 Definition

24.1.1 A **dribble** is the movement of a live ball caused by a player in control of that ball who throws, taps, rolls or bounces the ball on the court.

24.1.2 **A dribble starts** when a player, having gained control of a live ball on the court throws, taps, rolls or bounces it on the court and touches it again before it touches another player.

During a dribble the player may not place any part of the hand under the ball and carry it from one point to another or bring the ball to a pause and then continue to dribble.

During a dribble the ball may be thrown into the air provided the ball touches the court or another player before the player who threw it touches it again with the hand.

There is no limit to the number of steps a player may take when the ball is not in contact with the hand.

**A dribble ends** when the player touches the ball with both hands simultaneously or permits the ball to come to rest in one or both hands.

- 24.1.3 A player who accidentally loses and then regains control of a live ball on the court is considered to have fumbled the ball.
- 24.1.4 The following are not dribbles:
- Successive shots for a goal.
  - Fumbling the ball at the start or at the end of a dribble.
  - Attempts to gain control of the ball by tapping it from the vicinity of other players.
  - Tapping the ball from the control of another player.
  - Deflecting a pass and gaining control of the ball.
  - Tossing the ball from hand to hand and allowing it to come to rest in one or both hands before touching the court, provided that no travelling violation is committed.
  - Throwing the ball against the backboard and regaining the control of the ball.

## 24.2 Rule

A player shall not dribble for a second time after the first dribble has ended unless between the 2 dribbles:

- The control of a live ball on the court is lost because of a shot for a goal.
- The ball is touched by an opponent.
- On a pass or fumble the ball touches or is touched by another player.

## Article 25 Travelling

### 25.1 Definition

**Travelling** is the illegal movement of one foot or both feet beyond the limits outlined in this article, in any direction, while holding a live ball on the court.

**A pivot** is the legal movement in which a player who is holding a live ball on the court steps once or more than once in any direction with the same foot, while the other foot, called the pivot foot, is kept at its point of contact with the court.

## 25.2 Rule

### 25.2.1 Establishing a pivot foot by a player who catches a live ball on the court:

- A player who catches the ball while standing with both feet on the court:
  - The moment one foot is lifted, the other foot becomes the pivot foot.
  - To start a dribble, the pivot foot may not be lifted before the ball is released from the hand(s).
  - To pass or shoot for a goal, the player may jump off a pivot foot, but neither foot may be returned to the court before the ball is released from the hand(s).
- A player who catches the ball while progressing, or upon completion of a dribble, may take two steps in coming to a stop, passing or shooting the ball:
  - After receiving the ball, a player shall release the ball to start the dribble before the second step.
  - The first step occurs when one foot or both feet touch the court after gaining control of the ball.
  - The second step occurs after the first step when the other foot touches the court or both feet touch the court simultaneously.

- If the player who comes to a stop on the first step has both feet on the court or they touch the court simultaneously, that player may pivot using either foot as the pivot foot. If the player then jumps with both feet, no foot may return to the court before the ball is released from the hand(s).
  - If a player lands on one foot, only that foot may be used as the pivot foot.
  - If a player jumps off one foot on the first step, that player may land on both feet simultaneously for the second step. In this case, the player may not pivot with either foot. If one foot or both feet then leave the court, no foot may return to the court before the ball is released from the hand(s).
  - If both feet are off the court and the player lands on both feet simultaneously, the moment one foot is lifted the other foot becomes the pivot foot.
  - A player may not touch the court consecutively with the same foot or both feet after ending the dribble or gaining control of the ball.
- 25.2.2 A player falling, lying or sitting on the court:
- It is legal when a player falls and slides on the court while holding the ball or, while lying or sitting on the court, gains control of the ball.
  - It is a violation if the player then rolls or attempts to stand up while holding the ball.

## **Article 26 3 seconds**

### **26.1 Rule**

- 26.1.1 A player shall **not** remain in the opponents' restricted area for more than 3 consecutive seconds while the team is in control of a live ball in the frontcourt and the game clock is running.
- 26.1.2 Allowances must be made for a player who:
- Attempts to leave the restricted area.
  - Is in the restricted area when that player or the team-mate is in the act of shooting and the ball is leaving or has just left the player's hand(s) on the shot for a goal.
  - Dribbles in the restricted area to shoot for a goal after having been there for less than 3 consecutive seconds.
- 26.1.3 To be established outside the restricted area, both feet of the player must be placed on the court outside the restricted area.

## **Article 27 Closely guarded player**

### **27.1 Definition**

A player who is holding a live ball on the court is closely guarded when an opponent is in an active legal guarding position at a distance of no more than 1 m.

### **27.2 Rule**

A closely guarded player must pass, shoot or dribble the ball within 5 seconds.

## Article 28 8 seconds

### 28.1 Rule

28.1.1 Whenever:

- A player in the backcourt gains control of a live ball, or
  - On a throw-in, the ball touches or is legally touched by any player in the backcourt and the team of that thrower-in remains in control of the ball in its backcourt,
- that team must cause the ball to go into its frontcourt within 8 seconds.

28.1.2 The team has caused the ball to go into its frontcourt whenever:

- The ball, not in control of any player, touches the frontcourt.
- The ball touches or is legally touched by an offensive player who has both feet completely in contact with the frontcourt.
- The ball touches or is legally touched by a defensive player who has part of the body in contact with the backcourt.
- The ball touches a referee who has part of the body in contact with the frontcourt of the team in control of the ball.
- During a dribble from the backcourt to the frontcourt, the ball and both feet of the dribbler are completely in contact with the frontcourt.

28.1.3 The 8-second period shall continue with any time remaining when the same team that previously had control of the ball is awarded a throw-in in the backcourt when:

- A ball having been caused to go out-of-bounds.
- A player of the same team having been injured.
- A technical foul committed by that team.
- A jump ball situation.
- A double foul.
- A cancellation of equal penalties on both teams.

## Article 29 Shot clock

### 29.1 Rule

29.1.1 Whenever:

- A player gains control of a live ball on the court,
- On a throw-in, the ball touches or is legally touched by any player on the court and the team of the thrower-in remains in control of the ball,

that team must attempt a shot for a goal within 24 seconds.

To constitute a shot for a goal within 24 seconds:

- The ball must leave the player's hand(s) before the shot clock signal sounds, and
- After the ball has left the player's hand(s), the ball must touch the ring or enter the basket.

29.1.2 When a shot for a goal is attempted near the end of the shot clock period and the shot clock signal sounds while the ball is in the air:

- If the ball enters the basket, no violation has occurred, the signal shall be disregarded and the goal shall count.
- If the ball touches the ring but does not enter the basket, no violation has occurred, the signal shall be disregarded and the game shall continue.

- If the ball misses the ring, a violation has occurred. However, if the opponents gain an immediate and clear control of the ball, the signal shall be disregarded and the game shall continue.

When the backboard is equipped with yellow lighting along its perimeter at the top, the lighting takes precedence over the shot clock signal sound.

All restrictions related to goaltending and interference shall apply.

## **29.2 Procedure**

**29.2.1** After a jump ball at the start of the first quarter or after a throw-in from the centre line at the start of the other quarters or each overtime, if a player gains control of a live ball on the court, regardless of whether in the backcourt or frontcourt, the shot clock shall be started with 24 seconds.

**29.2.2** The shot clock shall be reset whenever the game is stopped by a referee:

- For a foul or violation (not for the ball having been caused to go out-of-bounds) by the team not in control of the ball,
- For any valid reason caused by the team not in control of the ball,
- For any valid reason not caused with either team.

In these situations, the possession of the ball shall be awarded to the same team that previously had control of the ball. If the throw-in is then administered in that team's:

- Backcourt, the shot clock shall be reset to 24 seconds.
- Frontcourt, the shot clock shall be reset as follows:
  - If 14 seconds or more are displayed on the shot clock at the time when the game was stopped, the shot clock shall not be reset but shall continue from the time it was stopped.
  - If 13 seconds or less are displayed on the shot clock at the time when the game was stopped, the shot clock shall be reset to 14 seconds.

However, if the game is stopped by a referee for any valid reason not connected with either team or the reset of the shot clock would place the opponents at a disadvantage, the shot clock shall continue from the time it was stopped.

**29.2.3** The shot clock shall be reset whenever a throw-in is awarded to the opponents' team after the game is stopped by a referee for a foul or violation (including for the ball having been caused to go out-of-bounds) by the team in control of the ball.

The shot clock shall also be reset if the new offensive team is awarded a throw-in according to the alternating possession procedure.

If the throw-in is then administered in that team's:

- Backcourt, the shot clock shall be reset to a new 24 seconds.
- Frontcourt, the shot clock shall be reset to 14 seconds.

**29.2.4** Whenever the game is stopped by a referee for a technical foul committed by the team in control of the ball, the game shall be resumed with a throw-in from the place nearest to where the game was stopped. The shot clock shall not be reset but shall continue from the time it was stopped.

**29.2.5** When the game clock shows 2:00 minutes or less in the fourth quarter or overtime, following a time-out taken by the team entitled to the possession of the ball from its backcourt, the head coach of that team has the right to decide whether the game shall be resumed with a throw-in from the throw-in line in the team's frontcourt or from the team's backcourt at the place nearest to where the game was stopped.

After the time-out, the throw-in shall be administered as follows:

- If as a result of the ball having gone out-of-bounds and if from the team's:
    - Backcourt, the shot clock shall continue from the time it was stopped.
    - Frontcourt: If the shot clock shows 13 seconds or less it shall continue from the time it was stopped. If the shot clock shows 14 seconds or more, it shall be reset to 14 seconds.
  - If as a result of a foul or violation (not for the ball having gone out-of-bounds) and if from the team's:
    - Backcourt, the shot clock shall be reset to 24 seconds.
    - Frontcourt, the shot clock shall be reset to 14 seconds.
  - If the time-out is taken by the team which has a new control of the ball, and if from the team's:
    - Backcourt, the shot clock shall be reset to 24 seconds.
    - Frontcourt, the shot clock shall be reset to 14 seconds.
- 29.2.6 When the team is awarded a throw-in from the throw-in line in the team's frontcourt, opposite the scorer's table, as part of the penalty for an unsportsmanlike or disqualifying foul, the shot clock shall be reset to 14 seconds.
- 29.2.7 After the ball has touched the ring of the opponents' basket, the shot clock shall be reset to:
  - 24 seconds, if the opponents' team gains control of the ball.
  - 14 seconds, if the team which regains control of the ball is the same team that was in control of the ball before the ball touched the ring.
- 29.2.8 If the shot clock signal sounds in error while a team has control of the ball or neither team has control of the ball, the signal shall be disregarded and the game shall continue.
- However, if the team in control of the ball has been placed at a disadvantage, the game shall be stopped, the shot clock shall be corrected and possession of the ball shall be awarded to that team.

## Article 30 Ball returned to the backcourt

### 30.1 Definition

- 30.1.1 A team is in control of a live ball in its frontcourt when:
- A player of that team is touching the frontcourt with both feet while holding, catching or dribbling the ball in the frontcourt, or
  - The ball is passed between the players of that team in the frontcourt.
- 30.1.2 A team in control of a live ball in the frontcourt has illegally returned the ball to its backcourt, if a player of that team is the last to touch the ball in the frontcourt and the ball is then first touched by a player of that team:
- Who has part of the body in contact with the backcourt, or
  - After the ball has touched the backcourt of that team.

This restriction applies to all situations in a team's frontcourt, including throw-ins. However, it does not apply to a player who jumps from the frontcourt, establishes a new team control while still airborne and then lands with the ball in the team's backcourt.

## 30.2 Rule

A team which is in control of a live ball in its frontcourt may not cause the ball to be illegally returned to its backcourt.

## 30.3 Penalty

The ball shall be awarded to the opponents for a throw-in in its frontcourt from the place nearest to the infraction except from directly behind the backboard.

# Article 31 Goaltending and Interference

## 31.1 Definition

### 31.1.1 A shot for a goal or a free throw:

- **Starts** when the ball leaves the hand(s) of a player in the act of shooting.
- **Ends** when the ball:
  - Enters the basket directly from above and remains within the basket or passes through the basket entirely.
  - No longer has the possibility to enter the basket.
  - Touches the ring.
  - Touches the floor.
  - Becomes dead.

## 31.2 Rule

### 31.2.1 **Goaltending** occurs during a **shot for a goal** when a player touches the ball while it is completely above the level of the ring and:

- It is on its downward flight to the basket, or
- After it has touched the backboard.

### 31.2.2 **Goaltending** occurs during a **shot for a free throw** when a player touches the ball while it is in flight to the basket and before it touches the ring.

### 31.2.3 The goaltending restrictions apply until the ball:

- No longer has the possibility to enter the basket.
- Has touched the ring.

### 31.2.4 **Interference** occurs when:

- After a shot for a goal or the last free throw a player touches the basket or the backboard while the ball is in contact with the ring.
- After a free throw followed by an additional free throw(s), a player touches the ball, the basket or the backboard while the ball has still a possibility to enter the basket.
- A player reaches through the basket from below and touches the ball.
- A defensive player touches the ball or the basket while the ball is within the basket, thus preventing the ball from passing through the basket.
- A player causes the basket to vibrate or grasps the basket (ring and/or net) in such a way that causes the ball to take an unnatural bounce or to change direction, thus the ball is prevented from entering the basket or is caused to enter the basket.
- A player grasps the basket and plays the ball.

## 31.2.5 When:

- A referee has blown the whistle while the ball was:
  - In the hands of a player in the act of shooting, or
  - In flight on a shot for a goal or on a last free throw,
- The game clock signal has sounded for the end of the quarter or overtime,  
No player shall touch the ball after it has touched the ring while it still has the possibility to enter the basket.

All restrictions related to goaltending and interference shall apply.

**31.3 Penalty**

31.3.1 If the violation is committed by an **offensive player**, no points can be awarded. The ball shall be awarded to the opponents for a throw-in from the free-throw line extended, unless otherwise stated in these rules.

31.3.2 If the violation is committed by a **defensive player**, the offensive team shall be awarded:

- 1 point, if the ball was released for a free throw.
- 2 points, if the ball was released from the 2-point goal area.
- 3 points, if the ball was released from the 3-point goal area.

The awarding of the points is considered as if the ball had entered the basket.

31.3.3 If the violation is committed by a **defensive player** during a last free throw, 1 point shall be awarded to the offensive team, followed by a technical foul penalty charged against the defensive player.

## **RULE SIX – FOULS**

### **Article 32 Fouls**

#### **32.1 Definition**

- 32.1.1 A foul is an infraction of the rules concerning illegal personal contact with an opponent and/or unsportsmanlike behaviour.
- 32.1.2 Any number of fouls may be called against a team. Irrespective of the penalty, each foul shall be charged, entered on the scoresheet against the offender and penalised according to these rules.
- 32.1.3 If a foul is committed after the ball has become dead when
- the game clock signal sounds for the end of the quarter or each overtime,
  - an infraction is committed,
- it shall be disregarded unless it is a technical, unsportsmanlike or disqualifying foul.

### **Article 33 Contact: General principles**

#### **33.1 Cylinder principle**

The cylinder principle is defined as the space within an imaginary cylinder occupied by a player on the court. The dimensions, and the distance between the player's feet, shall vary according to the height and size of the player. It includes the space above the player and is limited to the boundaries of the cylinder of the defensive player or the offensive player without the ball which are:

- The front by the palms of the hands,
- The rear by the buttocks, and
- The sides by the outer edge of the arms and legs.

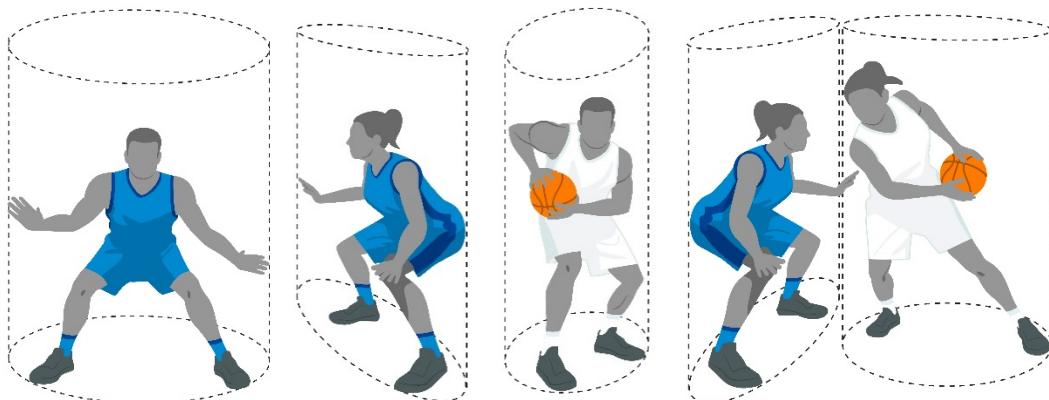

The hands and arms may be extended in front of the torso no further than the position of the feet and knees, with the arms bent at the elbows so that the forearms and hands are raised in the legal guarding position.

The defensive player may not enter the cylinder of the offensive player with the ball and cause an illegal contact when the offensive player is attempting a normal basketball play within the cylinder. The boundaries of the cylinder of the offensive player with the ball are:

- The front by the feet, bent knees and arms, holding the ball above the hips,
- The rear by the buttocks, and
- The sides by the outer edge of elbows and legs.

The offensive player with the ball must be allowed enough space for a normal basketball play within the cylinder. The normal basketball play includes starting a dribble, pivoting, shooting and passing.

The offensive player cannot spread the legs or arms outside of the cylinder and cause an illegal contact with the defensive player in order to gain an additional space.

**Diagram 6      Cylinder principle**

### 33.2 Principle of verticality

During the game, each player has the right to occupy any position (cylinder) on the court not already occupied by an opponent.

This principle protects the space on the court which the player occupies and the space above when jumping vertically within that space.

When the player leaves the vertical position (cylinder) and body contact occurs with an opponent who had already established that player's own vertical position (cylinder), the player who left the vertical position (cylinder) is responsible for the contact.

The defensive player must not be penalised for leaving the court vertically (within the cylinder) or having the hands and arms extended above and within that player's own cylinder.

The offensive player, whether on the court or airborne, shall not cause contact with the defensive player in a legal guarding position by:

- Using the arms to create more space (pushing off).
- Spreading the legs or arms during or immediately after a shot for a goal.

### 33.3 Legal guarding position

A defensive player has established an initial legal guarding position when

- facing the opponent, and
- having both feet on the court.

The legal guarding position extends vertically above (within the cylinder) from the court to the ceiling. The defensive player may raise the arms and hands above the head or jump vertically but that player must maintain them in a vertical position inside the imaginary cylinder.

### 33.4 Guarding a player who controls the ball

When guarding a player who controls (holding or dribbling) the ball, the elements of time and distance do not apply.

The player with the ball must expect to be guarded and must be prepared to stop or change direction whenever an opponent takes an initial legal guarding position in front of that offensive player, even if this is done within a fraction of a second.

The guarding (defensive) player must establish an initial legal guarding position without causing contact before establishing the defensive position.

Once the defensive player has established an initial legal guarding position, that player may move to guard the opponent, but may not extend the arms, shoulders, hips or legs to prevent the dribbler from passing by.

When judging a charge/block situation involving a player with the ball, a referee shall use the following principles:

- The defensive player must establish an initial legal guarding position by facing the player with the ball and having both feet on the court.
- The defensive player may remain stationary, jump vertically, move laterally or backwards in order to maintain the initial legal guarding position.
- When moving to maintain the initial legal guarding position, one foot or both feet may be off the court for an instant, as long as the movement is lateral or backwards, but not towards the player with the ball.
- Contact must occur on the torso, in which case the defensive player would be considered as having been at the place of contact first.
- Having established a legal guarding position, the defensive player may turn within the cylinder to avoid injury.

In any of the above situations, the contact shall be considered as having been caused by the player with the ball.

### **33.5**

#### **Guarding a player who does not control the ball**

A player who does not control the ball is entitled to move freely on the court and take any position not already occupied by another player.

When guarding a player who does not control the ball, the elements of time and distance shall apply. A defensive player cannot take a position so near and/or so quickly in the path of a moving opponent that the latter does not have sufficient time or distance either to stop or change direction.

The distance is directly proportional to the speed of the opponent, but never less than 1 normal step.

If a defensive player does not respect the elements of time and distance in taking an initial legal guarding position and contact with an opponent occurs, that player is responsible for the contact.

Once a defensive player has established an initial legal guarding position, that player may move to guard the opponent. The player may not prevent the opponent from passing by extending the arms, shoulders, hips or legs in the opponent's path. The player may turn within the cylinder to avoid injury.

### **33.6**

#### **A player who is in the air**

A player who has jumped into the air from a place on the court has the right to land again at the same place.

He has the right to land on another place on the court provided that the landing place and the direct path between the take-off and landing place is not already occupied by an opponent(s) at the time of take-off.

If a player has taken off and landed but momentum causes contact with an opponent who has taken a legal guarding position beyond the landing place, the jumper is responsible for the contact.

An opponent may not move into the path of a player after that player has jumped into the air.

Moving under a player who is in the air and causing contact is usually an unsportsmanlike foul and in certain circumstances may be a disqualifying foul.

### 33.7 Screening: Legal and illegal

Screening is an attempt to delay or prevent an opponent without the ball from reaching a desired position on the court.

Legal screening is when the player who is screening an opponent:

- Was stationary (inside that player's cylinder) when contact occurred.
- Had both feet on the court when contact occurred.

Illegal screening is when the player who is screening an opponent:

- Was moving when contact occurred.
- Did not give sufficient distance in setting a screen outside the field of vision of a stationary opponent when contact occurred.
- Did not respect the elements of time and distance of an opponent in motion when contact occurred.

If the screen is set within the field of vision of a stationary opponent (front or lateral), the screener may establish the screen as close as possible to the opponent, provided there is no contact.

If the screen is set outside the field of vision of a stationary opponent, the screener must permit the opponent to take 1 normal step towards the screen without making contact.

If the opponent is in motion, the elements of time and distance shall apply. The screener must leave enough space so that the player who is being screened is able to avoid the screen by stopping or changing direction.

The distance required is never less than 1 and never more than 2 normal steps.

A player who is legally screened is responsible for any contact with the player who has set the screen.

### 33.8 Charging

Charging is illegal personal contact, with or without the ball, by pushing or moving into an opponent's torso.

### 33.9 Blocking

Blocking is illegal personal contact which impedes the progress of an opponent with or without the ball.

A player who is attempting to screen is committing a blocking foul if contact occurs when moving, and the opponent is stationary or retreating.

If a player disregards the ball, faces an opponent and shifts position as the opponent shifts, that player is primarily responsible for any contact that occurs, unless other factors are involved.

The expression 'unless other factors are involved' refers to deliberate pushing, charging or holding of the player who is being screened.

It is legal for a player to extend the arm(s) or elbow(s) outside of the cylinder in taking position on the court but they must be moved inside the cylinder when an opponent attempts to pass by. If the arm(s) or elbow(s) are outside the cylinder and contact occurs, it is blocking or holding.

### **33.10 No-charge semi-circle areas**

The no-charge semi-circle areas are marked on the court for the purpose of designating a specific area for the interpretation of charge/block situations under the basket.

On any penetration play into the no-charge semi-circle area, any contact caused by an airborne offensive player with a defensive player inside the no-charge semi-circle shall not be called as a team control foul, unless the offensive player is illegally using the hands, arms, legs or body. This rule applies when

- the offensive player is in control of the ball whilst airborne, and
- the offensive player attempts a shot for a goal or passes the ball, and
- the defensive player has one foot or both feet in contact with the no-charge semi-circle area.

### **33.11 Contacting an opponent with the hand(s) and/or arm(s)**

The touching of an opponent with the hand(s) is, in itself, not necessarily a foul.

The referees shall decide whether the player who caused the contact has gained an advantage. If contact caused by a player in any way restricts the freedom of movement of an opponent, such contact is a foul.

Illegal use of the hand(s) or extended arm(s) occurs when the defensive player is in a guarding position, places the hand(s) or the arm(s) upon and remains in contact with an opponent with or without the ball, to impede the opponent's progress.

To repeatedly touch or 'jab' an opponent with or without the ball is a foul, as it may lead to rough play.

It is a foul by an offensive player with the ball to:

- 'Hook' or wrap an arm or an elbow around a defensive player in order to obtain an advantage.
- 'Push off' the defensive player to prevent an opponent from playing or attempting to play the ball, or to create more space.
- Use an extended forearm or hand, while dribbling, to prevent an opponent from gaining control of the ball.

It is a foul by an offensive player without the ball to 'push off' to:

- Get free to catch the ball.
- Prevent the defensive player from playing or attempting to play the ball.
- Create more space.

### **33.12 Post play**

The principle of verticality (cylinder principle) applies also to post play.

The offensive player in the post position and the defensive player must respect each other's rights to a vertical position (cylinder).

It is a foul by an offensive or defensive player in the post position to shoulder or hip the opponent out of position or to interfere with the opponent's freedom of movement using extended arms, shoulders, hips, legs or other parts of the body.

### **33.13 Illegal guarding from the rear**

Illegal guarding from the rear is personal contact with an opponent, by a defensive player, from behind. The fact that the defensive player is attempting to play the ball does not justify contact with an opponent from the rear.

**33.14 Holding**

Holding is illegal personal contact with an opponent that interferes with an opponent's freedom of movement. This contact (holding) can occur with any part of the body.

**33.15 Pushing**

Pushing is illegal personal contact with any part of the body where a player forcibly moves or attempts to move an opponent with or without the ball.

**33.16 Fake being fouled**

Fake is any action by a player to simulate being fouled or to make theatrical exaggerated movements in order to create an opinion of being fouled and therefore gaining an advantage.

**Article 34 Personal foul****34.1 Definition**

34.1.1 A personal foul is a player's illegal contact with an opponent, whether the ball is live or dead.

A player shall not hold, block, push, charge, trip or impede the progress of an opponent by extending the hand, arm, elbow, shoulder, hip, leg, knee or foot, nor by bending the body into an 'abnormal' position (outside the cylinder), nor shall a player indulge in any rough or violent play.

34.1.2 A throw-in foul is a personal foul committed, when the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime, by a defensive player on an opponent on the court when the ball is out-of-bounds for a throw-in and still in the hands of the referee or at the disposal of the thrower-in.

**34.2 Penalty**

**A personal foul shall be charged against the offender.**

34.2.1 If the foul is committed on a player not in the act of shooting:

- The game shall be resumed with a throw-in by the non-offending team from the place nearest to the infraction.
- If the offending team is in the team foul penalty situation, then Article 41 shall apply.

34.2.2 If the foul is committed on a shooter, that player shall be awarded a number of free throws as follows:

- If the shot released from the goal area is successful, the goal shall count and, in addition, 1 free throw.
- If the shot released from the 2-point goal area is unsuccessful, 2 free throws.
- If the shot released from the 3-point goal area is unsuccessful, 3 free throws.

34.2.3 If the foul is committed as a throw-in foul:

- The player who was fouled shall be awarded only 1 free throw, regardless of whether the offending team is already in the team penalty situation. The game shall be resumed with a throw-in by the non-offending team from the place nearest to the infraction.

## **Article 35 Double foul**

### **35.1 Definition**

- 35.1.1 A double foul is a situation in which 2 opponents commit personal or unsportsmanlike/disqualifying fouls on each other at approximately the same time.
- 35.1.2 To consider 2 fouls as a double foul the following conditions must apply:
  - Both fouls are player fouls.
  - Both fouls involve physical contact.
  - Both fouls are between the same 2 opponents fouling each other.
  - Both fouls are either 2 personal or any combination of unsportsmanlike and disqualifying fouls.

### **35.2 Penalty**

A personal or unsportsmanlike/disqualifying foul shall be charged against each offender. No free throws shall be awarded and the game shall be resumed as follows:

If at approximately the same time as the double foul:

- A valid goal, or a last free throw is scored, the ball shall be awarded to the non-scoring team for a throw-in from any place behind that team's endline.
- A team had control of the ball or was entitled to the ball, the ball shall be awarded to this team for a throw-in from the place nearest to the infraction.
- Neither team had control of the ball nor was entitled to the ball, a jump ball situation occurs.

## **Article 36 Technical foul**

### **36.1 Rules of conduct**

- 36.1.1 The proper conduct of the game demands the full and loyal cooperation of the players, head coaches, assistant coaches, substitutes, excluded players and accompanying delegation members with the referees, table officials and commissioner, if present.
- 36.1.2 Each team shall do its best to secure victory, but this must be done in the spirit of sportsmanship and fair play.
- 36.1.3 Any deliberate or repeated non-cooperation or non-compliance with the spirit and intent of this rule shall be considered as a technical foul.
- 36.1.4 The referees may prevent technical fouls by giving warnings or even overlooking minor infractions which are obviously unintentional and have no direct effect upon the game, unless there is repetition of the same infraction after the warning.
- 36.1.5 If an infraction is recognised after the ball becomes live, the game shall be stopped and a technical foul charged. The penalty shall be administered as if the technical foul had occurred at the time it is charged. Whatever occurred during the interval between the infraction and the game being stopped shall remain valid.

## 36.2 Definition

- 36.2.1 A technical foul is a player non-contact foul of a behavioural nature including, but not limited to:
- Disregarding warnings given by referees.
  - Disrespectfully dealing and/or communicating with the referees, the commissioner, if present, the table officials, the opponents or persons permitted to sit on the team benches.
  - Using language or gestures likely to offend or incite the spectators.
  - Baiting and taunting an opponent.
  - Obstructing the vision of an opponent by waving/placing the hand(s) near the opponent's eyes.
  - Excessive swinging of elbows.
  - Delaying the game by deliberately touching the ball after it passes through the basket or by preventing a throw-in or a free throw from being taken promptly or coming on the court late to start the game or the second half.
  - Fake being fouled.
  - Hanging on the ring in such a way that the weight of the player is supported by the ring, unless a player grasps the ring momentarily following a dunk shot or is trying to prevent injury to any player.
  - Goaltending during the last free throw by a defensive player. The offensive team shall be awarded 1 point, followed by the technical foul penalty charged against the defensive player.
- 36.2.2 A technical foul by any person permitted to sit on the team bench is a foul for disrespectfully communicating with or touching the referees, the commissioner, if present, the table officials or the opponents, or an infraction of a procedural or an administrative nature.
- 36.2.3 A player shall be disqualified for the remainder of the game (game disqualification) when charged with 2 technical fouls, or 2 unsportsmanlike fouls, or with 1 unsportsmanlike foul and 1 technical foul.
- 36.2.4 A head coach shall be disqualified for the remainder of the game (game disqualification) when charged with:
- 2 technical fouls ('C') as a result of a personal unsportsmanlike behaviour.
  - 3 technical fouls, either all of them ('B') or one of them ('C'), as a result of the unsportsmanlike behaviour of other persons permitted to sit on the team bench.
- 36.2.5 If a player or a head coach is disqualified under Articles 36.2.3 or 36.2.4, that technical foul shall be the only foul to be penalised and no additional penalty for the disqualification shall be administered.

## 36.3 Penalty

- 36.3.1 If a technical foul is committed:
- By a player, a technical foul shall be charged as a player foul and shall count as one of the team fouls.
  - By any person permitted to sit on the team bench, a technical foul shall be charged against the head coach and shall not count as one of the team fouls.

- 36.3.2 The opponents shall be awarded 1 free throw. The game shall be resumed as follows:
- The free throw shall be administered immediately. After the free throw, the throw-in shall be administered by the team which had control of the ball or was entitled to the ball when the technical foul was committed, from the place nearest to where the ball was located when the game was stopped.
  - The free throw shall also be administered immediately, regardless of whether the order of any other possible penalties for any other fouls has been determined or whether the administration of the penalties has been started. After the free throw for a technical foul, the game shall be resumed by the team which had control of the ball or was entitled to the ball when the technical foul was committed, from the place where the game has been interrupted for the technical foul penalty.
  - If a valid goal or a last free throw is scored, the game shall be resumed with a throw-in from any place behind the endline.
  - If neither team had control of the ball nor was entitled to the ball, a jump ball situation occurs.
  - With a jump ball in the centre circle at the start of the first quarter.

## **Article 37 Unsportsmanlike foul**

### **37.1 Definition**

37.1.1 An unsportsmanlike foul is a player contact which is:

- Contact with an opponent not legitimately attempting to directly play the ball within the spirit and intent of the rules.
- Excessive, hard contact caused by a player in an effort to play the ball or an opponent.
- An unnecessary contact caused by the defensive player in order to stop the progress of the offensive team in transition. This applies until the offensive player starts the act of shooting.
- An illegal contact caused by a player from behind or laterally on an opponent, who is progressing towards the opponent's basket and with no opponents between the progressing player and the basket, and
  - the progressing player is in control of the ball, or
  - the progressing player is attempting to gain control of the ball, or
  - the ball has been released on a pass to the progressing player.This applies until the offensive player starts the act of shooting.

37.1.2 The referee must interpret unsportsmanlike fouls consistently throughout the game and judge only the action.

### **37.2 Penalty**

37.2.1 An unsportsmanlike foul shall be charged against the offender.

37.2.2 Free throw(s) shall be awarded to the player who was fouled, followed by:

- A throw-in from the throw-in line in the team's frontcourt, opposite the scorer's table.
- A jump ball in the centre circle at the start of the first quarter.

The number of free throws shall be awarded as follows:

- If the foul is committed on a player not in the act of shooting: 2 free throws.
- If the foul is committed on a player in the act of shooting: the goal, if made, shall count and, in addition, 1 free throw.
- If the foul is committed on a player in the act of shooting and the goal is not made, 2 or 3 free throws.

- 37.2.3 A player shall be disqualified for the remainder of the game (game disqualification) when charged with 2 unsportsmanlike fouls, or 2 technical fouls, or with 1 technical foul and 1 unsportsmanlike foul.
- 37.2.4 If a player is disqualified under Article 37.2.3, that unsportsmanlike foul shall be the only foul to be penalised and no additional penalty for the disqualification shall be administered.

## **Article 38 Disqualifying foul**

### **38.1 Definition**

38.1.1 A disqualifying foul is any flagrant unsportsmanlike action by players, substitutes, head coaches, assistant coaches, excluded players and accompanying delegation members.

## Article 50 Shot clock operator: Duties

The shot clock operator shall be provided with a shot clock which shall be:

- 50.1 Started or restarted when:
- On the court a team gains control of a live ball. After that, the mere touching of the ball by an opponent does not start a new shot clock period if the same team remains in control of the ball.
  - On a throw-in, the ball touches or is legally touched by any player on the court.
- 50.2 Stopped, but not reset, with the remaining time visible, when the same team that previously had control of the ball is awarded a throw-in as the result of:
- A ball having gone out-of-bounds.
  - A player of the same team having been injured.
  - A technical foul committed by that team.
  - A jump ball situation (not when the ball lodges between the ring and the backboard).
  - A double foul.
  - A cancellation of equal penalties on both teams.
- Stopped, but also not reset, with the remaining time visible, when the same team that previously had control of the ball is awarded a frontcourt throw-in and 14 or more seconds are displayed on the shot clock as a result of a foul or violation.
- 50.3 Stopped and reset to 24 seconds, with no display visible, when:
- The ball legally enters the basket.
  - The ball touches the ring of the opponents' basket and it is controlled by the team that was not in control of the ball before it has touched the ring.
  - The team is awarded a backcourt throw-in:
    - As the result of a foul or violation (not for the ball having gone out-of-bounds).
    - As the result of a jump ball situation for the team that previously did not have the control of the ball.
    - The game is stopped because of an action not connected with the team in control of the ball.

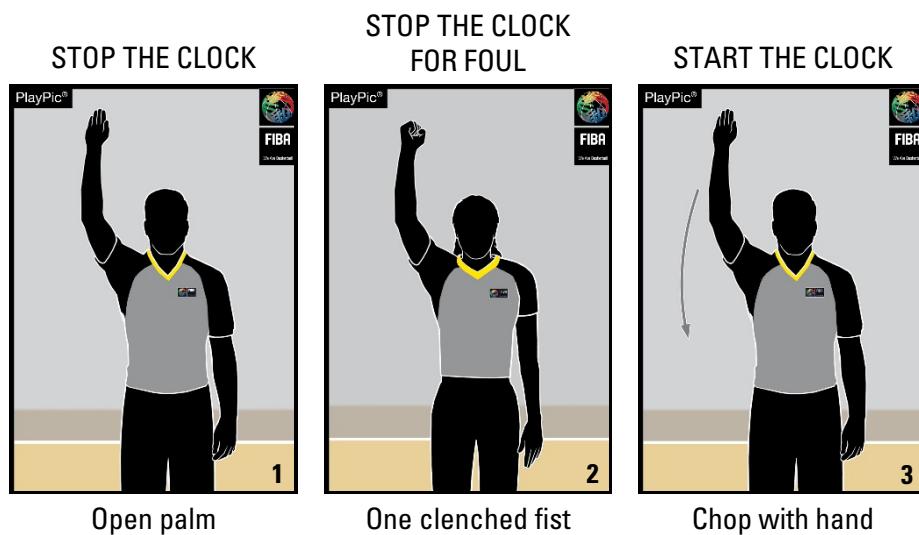

- The game is stopped because of an action not connected with either team, unless the opponents would be placed at a disadvantage.
  - The team is awarded free throw(s).
- 50.4 Stopped and reset to 14 seconds, with 14 seconds visible, when:
- The same team that previously had control of the ball is awarded a frontcourt throw-in and 13 seconds or less are displayed on the shot clock:
    - As the result of a foul or violation (not for the ball having gone out-of-bounds).
    - The game being stopped because of an action not connected with the team in control of the ball.
    - The game being stopped because of an action not connected with either team, unless the opponents would be placed at a disadvantage.
  - The team that previously did not have the control of the ball shall be awarded a frontcourt throw-in as a result of a:
    - Personal foul or violation (including for the ball having gone out-of-bounds),
    - Jump ball situation.
  - A team shall be awarded a throw-in from the throw-in line in its frontcourt, opposite the scorer's table, as a result of an unsportsmanlike or disqualifying foul.
  - After the ball has touched the ring on an unsuccessful shot for a goal (including when the ball lodges between the ring and the backboard), an unsuccessful last free throw or on a pass, if the team which regains control of the ball is the same team that was in control of the ball before the ball touched the ring.
  - The game clock shows 2:00 minutes or less in the fourth quarter or in each overtime following a time-out taken by the team that is entitled to the possession of the ball from its backcourt and the head coach decides that the game shall be resumed with a throw-in for the team from the throw-in line in the team's frontcourt and 14 seconds or more are displayed on the shot clock at the time when the game clock was stopped.
- 50.5 Switched off, after the ball becomes dead and the game clock was stopped in any quarter or overtime when there is a new control of the ball for either team and there are less than 14 seconds on the game clock.

The shot clock signal neither stops the game clock or the game, nor causes the ball to become dead, unless a team is in control of the ball.

First assistant coach	555	MONTA, B.			

Each disqualification of an accompanying delegation member shall be charged against the head coach, entered as a (B<sub>2</sub>), but shall not count towards the three technical fouls for the head coach's game disqualification.

**Note:** Technical or disqualifying fouls according to Article 39 shall not count as team fouls.

B.8.4 At the end of second quarter, the scorer shall draw a thick line between the used and unused spaces in the players' and coach's foul columns.

At the end of the game, the scorer shall obliterate the remaining spaces with a thick horizontal line.

**B.9 Team fouls**

B.9.1 For each quarter (Q1, Q2, Q3 and Q4), 4 spaces are provided on the scoresheet (immediately below the team's name and above the players' names) to enter the team fouls.

B.9.2 Whenever a player commits a personal, technical, unsportsmanlike or disqualifying foul, the scorer shall enter the foul on the team of that player by marking a large 'X' in the designated spaces in turn.

B.9.3 At the end of each quarter, the scorer shall obliterate the remaining spaces with 2 horizontal parallel lines.

## B.10 The running score

- B.10.1 The scorer shall keep a chronological running summary of the points scored by each team.
- B.10.2 There are 4 main columns on the scoresheet for the running score.
- B.10.3 Each main column is divided into 4 columns. The 2 on the left are for team 'A' and the 2 on the right for team 'B'. The centre columns are for the running score (160 points) for each team.

The scorer shall:

- **First**, draw a diagonal line (/ for right-handed or \ for left-handed) for any valid goal scored and a filled circle (●) for any valid free throw scored, over the **new total** number of points as accumulated by the team that has just scored.
- **Then**, in the blank space on the same side of the new total number of points (beside the new / or \ or ●), enter the number of the player who scored the goal or the free throw.

## B.11 The running score: Additional instructions

- B.11.1 A 3-point goal scored by a player shall be entered with drawing a circle around the player's number.
- B.11.2 A goal accidentally scored by a player in own basket shall be entered as having been scored by the captain of the opponents' team on the court.
- B.11.3 Points scored when the ball does not enter the basket (Article 31) shall be entered as having been scored by the player who attempted the shot.
- B.11.4 At the end of each quarter or overtimes, the scorer shall draw a thick circle (○) around the latest number of points scored by each team, followed by a thick horizontal line under those points and under the number of each player who scored those last points.
- B.11.5 At the start of each quarter or overtimes the scorer shall continue to keep a chronological running summary of the points scored from the point of interruption.
- B.11.6 Whenever possible, the scorer should check the running score with the visual scoreboard. If there is a discrepancy, and the score is correct, the scorer shall immediately take steps to have the scoreboard corrected. If in doubt or if one of the teams raises an objection to the correction, the scorer shall inform the crew chief when the ball becomes dead and the game clock is stopped.
- B.11.7 The referees may correct any error in scorekeeping involving the score, number of fouls or number of time-outs under the provisions of the rules. The crew chief shall sign the corrections. Extensive corrections shall be documented on the reverse side of the scoresheet.

## B.12 The running score: Summing up

- B.12.1 At the end of each quarter and last overtime, the scorer shall enter the score of that quarter and of all overtimes in the proper section in the lower part of the scoresheet.
- B.12.2 Immediately at the end of the game, the scorer shall enter the time in the 'Game ended at (hh:mm)' column.
- B.12.3 At the end of the game, the scorer shall draw 2 thick horizontal lines under the final number of points scored by each team and the numbers of the players who scored those last points. The scorer shall also draw a diagonal line to the bottom of the column in order to obliterate the remaining numbers (running score) for each team.
- B.12.4 At the end of the game, the scorer shall enter the final score and the name of the winning team.
- B.12.5 All table officials shall then sign the scoresheet next to their names.
- B.12.6 The crew chief, after the scoresheet is signed by the umpire(s), shall be the last to approve and sign the scoresheet. This act terminates the referees' administration and connection with the game.

## B.13 Head coach's challenge

- B.13.1 For games where the Instant Replay System is used each team may be granted 1 head coach's challenge (HCC). If granted, the HCC shall be entered on the scoresheet below the team's name in the boxes next to the HCC. In the first box the scorer shall enter the quarter or overtime (Q1, Q2, Q3, Q4 or OT) and in the second box the minute of the playing time of the quarter or overtime.
- B.13.2 At the end of the game, the scorer shall obliterate the unused boxes for the HCC with 2 horizontal parallel lines.

## APPENDIX C – PROTEST PROCEDURE

- C.1** A team may file a protest if its interests have been adversely affected by:
- a) An error in scorekeeping, timekeeping or shot clock operations, which the referees were authorised to correct as provided in these rules and had access to verifiable evidence available at the time of the decision to correct the error under Article 44 (Correctable errors) but failed to do so.
  - b) A decision to forfeit, cancel, postpone, not resume or not play the game.
  - c) A violation of the applicable eligibility rules.
- C.2** In order to be admissible, a protest shall comply with the following procedure:
- a) The captain (CAP) of that team shall, no later than 15 minutes following the end of the game, inform the crew chief that the team is protesting against the result of the game and sign the scoresheet in the 'Captain's signature in case of protest' column.
  - b) The team shall submit the protest reasons to the crew chief in writing no later than 1 hour following the end of the game.
  - c) A fee of CHF 1,500 shall be applied to each protest and shall be paid in case the protest is rejected.
- C.3** The crew chief (or commissioner, if present) shall, following receipt of the protest reasons, report in writing the incident which leads to the protest, to the FIBA representative or to the competent body. When receiving the protest reasons document, the crew chief (or commissioner, if present) shall record on the document the time when the protest has been received.
- C.4** The competent body shall issue any procedural requests which it deems appropriate and shall decide on the protest immediately, and in any case no later than 24 hours following the end of the game. The competent body shall use any reliable evidence and can take any appropriate decision, including without limitation partial or full replay of the game. The competent body may not decide to change the result of the game unless there is clear and conclusive evidence that, had it not been for the error that gave rise to the protest, the new result would have certainly materialised.
- C.5** The decision of the competent body is also considered as a 'field of play rule' decision and is not subject to further review or appeal. Exceptionally, decisions on eligibility may be appealed as provided for in the applicable regulations.
- C.6** Special rules for FIBA competitions or competitions which do not provide otherwise in their regulations:
- a) In case the competition is in tournament format, the competent body for all protests shall be the Technical Committee (see FIBA Internal Regulations, Book 2).
  - b) In case of home and away games, the competent body for protests relating to eligibility issues shall be the FIBA Disciplinary Panel. For all other issues giving rise to a protest, the competent body shall be FIBA acting through one or more persons with expertise on the implementation and interpretation of the Official Basketball Rules (see FIBA Internal Regulations, Book 2).

## **APPENDIX D – CLASSIFICATION OF TEAMS**

## D.1 Procedure

- D.1.1** Teams shall be classified according to their win-loss record, namely 2 classification points for each game won, 1 classification point for each game lost (including lost by default) and 0 classification points for a game lost by forfeit.

**D.1.2** The procedure shall be used for all competitions with a round-robin system.

**D.1.3** If 2 or more teams have the same win-loss record of all games in the group, the game(s) between these 2 or more teams shall decide on the classification. If these 2 or more teams have the same win-loss record of the games between them, further criteria shall be used in the following order:

  - Higher game points difference of the games between them.
  - Higher number of game points scored in the games between them.
  - Higher game points difference of all games in the group.
  - Higher number of game points scored in all games in the group.

If, upon application of these criteria, a final decision cannot be reached at the conclusion of the group phase, the relevant FIBA ranking shall determine the final classification in National Teams Competitions. In all other competitions where no FIBA ranking exists, the final classification shall be determined with a draw.

**D.1.4** If at any level of these criteria one or more team(s) are already classified, the procedure of D.1.3 shall be repeated from the start for all the remaining teams not classified yet.

If, upon application of these criteria, a final decision cannot be reached at the conclusion of the group phase, the relevant FIBA ranking shall determine the final classification in National Teams Competitions. In all other competitions where no FIBA ranking exists, the final classification shall be determined with a draw.

### D.3 Forfeit

- D.3.1** A team which, without valid reason, fails to show up for a scheduled game or withdraws from the court before the end of the game, shall lose the game by forfeit and receive 0 classification points.
- D.3.2** If the team forfeits for a second time, the results of all games played by this team shall be nullified.
- D.3.3** If the team forfeits for a second time in a competition played in groups, and the best placed team(s) from each group shall qualify for the next round of the competition, the results of all games played by the last placed team in the cross-over group shall also be nullified.

#### Example

Team 4A in group A forfeits twice, therefore all its games shall be nullified.

Final standings:

Group A	Wins	Losses	Classification points
Team 1A	4	0	8
Team 2A	2	2	6
Team 3A	0	4	4
Team 4A			

Group B	Wins	Losses	Classification points
Team 1B	6	0	12
Team 2B	4	2	10
Team 3B	1	5	7
Team 4B	1	5	7

Results of the games played between teams 3B and 4B:

3B vs 4B      88 – 71

4B vs 3B      76 – 75

Therefore: 3<sup>rd</sup>    3B    4<sup>th</sup>    4B

Revised final standings in Group B:

Group B	Wins	Losses	Classification points
Team 1B	4	0	8
Team 2B	2	2	6
Team 3B	0	4	4

#### D.4 Cross-group classifications

**D.4.1** In order to classify teams across groups (e. g. to determine the best second or third placed teams), the following criteria shall be used.

If all teams in all groups have played the same number of games, the teams on the same position in each group shall be placed in one group and the following criteria shall be used in the following order:

- Better win-loss record of all games played in their revised final group standings.
- Higher game points difference of all games in their revised final group standings.
- Higher number of the game points scored in all games in their revised final group standings.
- If these criteria still cannot decide, the relevant FIBA ranking shall decide on the final classification.

Group A	Wins	Losses	Classification points
Team 1A	8	0	16
Team 2A	6	2	14
Team 3A	4	4	12
Team 4A	2	6	10
Team 5A	0	8	8

Group B	Wins	Losses	Classification points
Team 1B	8	0	16
Team 2B	6	2	14
Team 3B	4	4	12
Team 4B	2	6	10
Team 5B	0	8	8

Group C	Wins	Losses	Classification points
Team 1C	8	0	16
Team 2C	6	2	14
Team 3C	3	5	11
Team 4C	3	5	11
Team 5C	0	8	8

Group D	Wins	Losses	Classification points
Team 1D	7	1	15
Team 2D	7	1	15
Team 3D	4	4	12
Team 4D	2	6	10
Team 5D	0	8	8

To determine the best second placed team:

Group X	Wins	Losses	Game points	Classification points	Game points difference
Team 2D	7	1	628 – 521	15	
Team 2B	6	2	551 – 488	14	+ 63
Team 2A	6	2	531 – 506	14	+ 25
Team 2C	6	2	525 – 500	14	+ 25

**D.4.2** If after grouping the teams on the same position in each group, these teams have played a different number of games in their respective groups, then the games of the last placed team in the group or groups of the teams with the most games shall be nullified. This process shall be repeated across all groups until the number of games are the same across all groups. The following criteria shall then apply:

- Better win-loss record of all games played in their revised final group standings.
- Higher game points difference of all games in their revised final group standings.
- Higher number of the game points scored in all games in their revised final group standings.
- If these criteria still cannot decide, the relevant FIBA ranking shall decide on the final classification.

**Note:**

For the avoidance of doubt, the annulation of games referred above, for the purposes of cross-group classifications, shall not alter the initial standing of teams in a particular group.

**Example**

Group A	Wins	Losses	Classification points
Team 1A	5	0	10
Team 2A	4	1	9
Team 3A	3	2	8
Team 4A	2	3	7

Group X	Wins	Losses	Classification points
Team 3B	4	1	9
Team 3A	3	2	8
Team 3D	2	2	6
Team 3C	2	2	6

However, teams 3B and 3A have played five games whereas teams 3D and 3C have played four games.

The games of the last placed team in groups A and B must be annulled to level all third placed teams to four games, and a new table established.

The games' results of group A and B were as follows:

#### Group A

Away Home \	2A	3A	4A	5A	6A
1A	71 – 65	86 – 85	77 – 75	86 – 80	<del>85 – 80</del>

Upon annulation of games of teams 6A and 6B, the revised standings of the group to determine the best third team are as follows:

Group X	Wins	Losses	Game points	Classification points	Game points difference
Team 3B	3	1	359 – 323	7	
Team 3A	2	2	348 – 309	6	+ 39

## D.5 Classifications of teams in a Tournament of Phases

### D.5.1

In a tournament where game results in a group are carried over from one phase to another, but a team is withdrawn from the tournament or forfeits for a second time a game for any reason, then the results of all games played by the withdrawn or forfeiting team shall be nullified from all relevant phases. The following criteria shall then apply:

- Better win-loss record of all games played in their revised final group standings.
- Higher game points difference of all games in their revised final group standings.
- Higher number of the game points scored in all games in their revised final group standings.
- If these criteria still cannot decide, the relevant FIBA ranking shall decide on the final classification.

- D.6.4 The winner of the series shall be the team that:
- Is the winner of both games.

## **APPENDIX E – MEDIA TIME-OUTS**

### **E.1      Definition**

The organising body of the competition may decide for itself whether Media time-outs shall be used and, if so, of what duration (60, 75, 90 or 100 seconds).

### **E.2      Rule**

E.2.1 In each quarter 1 Media time-out shall be permitted, in addition to the regular team time-outs. Media time-outs in an overtime shall not be permitted.

E.2.2 The first time-out in each quarter (team or Media) shall be 60, 75, 90 or 100 seconds in duration.

E.2.3 The duration of all other time-outs in a quarter shall be 60 seconds.

E.2.4 Both teams shall be entitled to 2 time-outs during the first half and 3 time-outs during the second half.

These time-outs may be requested at any time during the game and their duration may be:

- If considered to be a Media time-out 60, 75, 90 or 100 seconds, i.e. the first in a quarter, or
- If not considered to be a Media time-out 60 seconds, i.e. requested by either team, after the Media time-out has been granted.

### **E.3      Procedure**

E.3.1 Ideally, the Media time-out shall be taken before the game clock shows 5:00 minutes or less remaining in the quarter. However, there is no guarantee that this shall be the case.

E.3.2 If neither team has requested a time-out before the game clock shows 5:00 minutes or less remaining in the quarter then a Media time-out shall be granted at the first opportunity when the ball is dead and the game clock is stopped. This time-out shall not be charged against either team.

E.3.3 If either team has been granted a time-out before the game clock shows 5:00 minutes or less remaining in the quarter, that time-out shall be used as a Media time-out.

This time-out shall count as both a Media time-out and a team time-out for the team requesting it.

E.3.4 According to this procedure, there would be a minimum of 1 time-out in each quarter and a maximum of 6 time-outs in the first half and a maximum of 8 time-outs in the second half.

## APPENDIX F – INSTANT REPLAY SYSTEM

### F.1 Definition

The Instant Replay System (IRS) review is the working method used by the referees to verify their decisions by watching the game situations on the screen of the approved video technology.

### F.2 Procedure

F.2.1 The referees are authorised to use the IRS until the crew chief has signed the scoresheet, within the limits provided in this Appendix.

F.2.2 The review shall take place when the referees have stopped the game for any reason, after the situation for the review has occurred, unless otherwise stated in Art. 44 (Correctable errors).

F.2.3 For the use of the IRS the following procedure shall apply:

- The crew chief shall approve the IRS equipment before the game, if available.
- The crew chief makes the decision whether the review shall be used or not.
- If a decision of the referees is subject to the review, the initial decision must be shown by the referees on the court.
- After gathering all information from the other referees, table officials and commissioner, if present, the crew chief shall start the review as fast as possible.
- The crew chief and at a minimum of 1 umpire (who made the call) shall take part in the review. If the crew chief made the call, one of the umpires shall be chosen to accompany the review.
- During the review the crew chief shall ensure that no unauthorised persons have access to the IRS monitor.
- The review shall take place before time-outs or substitutions are administered, an interval of play starts, or the game is resumed.
- If a time-out has started or a substitution has occurred when the referees identify the need for a review, the time-out and any substitutions shall be cancelled until the final decision is communicated.
- After the final decision is communicated, either head coach may request a time-out or may withdraw it, or either player may request a substitution.
- After the review the referee who made the call shall report the final decision and the game shall be resumed accordingly.
- The initial decision of the referee(s) can be corrected only if the review provides the referees with clear and conclusive visual evidence for the correction.

### F.3 Rule

The following game situations may be reviewed:

F.3.1 At the end of the quarter or overtime,

- whether a shot for a successful goal was released before the game clock signal sounded for the end of the quarter or overtime.
  - whether and how much time shall be displayed on the game clock, if
    - an out-of-bounds violation of the shooter occurred,
    - a shot clock violation occurred,
    - an 8-second violation occurred,
    - a foul was committed
- before the end of the quarter or overtime.

The interval of play shall not start until after the IRS decision is communicated and any additional playing time in the quarter or overtime is completed.

- F.3.2 When the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime,
- whether a shot for a successful goal was released before the shot clock signal sounded.
    - The referees are authorised to stop the game immediately to review whether a successful goal was released before the shot clock signal sounded.
    - The referees must identify the need for the review which must take place after the goal when the referees have stopped the game for the first time for any reason.
  - when a foul was committed away from a shooting situation
    - whether the game or shot clock had expired,
    - whether the act of shooting had started when the foul was committed by an opponent of the shooter, or
    - whether the ball was still in the hand(s) of the shooter when the foul was committed by a team-mate of the shooter.
  - whether a goaltending or basket interference violation was called correctly.  
When the review determines that a goaltending or basket interference violation was not called correctly the game shall be resumed as follows, if after the call:
    - The ball has legally entered the basket, the goal shall count and the defensive team shall be entitled to a throw-in from the endline.
    - A player of either team has gained an immediate and clear control of the ball, that team shall be entitled to a throw-in from the place nearest to where the ball was located when the call was made.
    - Neither team has gained an immediate and clear control of the ball, a jump ball situation occurs.
  - to identify the player who has caused the ball to go out-of-bounds.
- F.3.3 At any time of the game,
- whether the successful goal was released from the 2- or 3-point area.
    - The referees are authorised to stop the game immediately to review whether a successful goal was released from the 2- or 3-point area.
    - The review must take place when the referees have stopped the game for the first time for any reason after the goal.
  - whether 2 or 3 free throws shall be awarded, after a foul was committed on a shooter for an unsuccessful goal.
  - whether a personal, unsportsmanlike or disqualifying foul met the criteria for such a foul or shall be upgraded or downgraded or shall be considered as a technical foul.
  - whether a technical foul shall be considered as an unsportsmanlike foul or disqualifying foul.
  - whether one of the correctable errors category 1 has occurred and is still correctable within the limits defined in Article 44 (Correctable errors). If so:
    - The referees are authorised to stop the game immediately to review whether a correctable error category 1 has occurred.
    - The error may only be corrected as defined in Article 44 (Correctable errors).
  - whether one of the correctable errors category 2 has occurred and is still correctable within the limits defined in Article 44 (Correctable errors). If so, the error may only be corrected as defined in Article 44 (Correctable errors).

- after a malfunction of the game clock or the shot clock occurs, on how much time the clock(s) shall be corrected.
- to identify the correct free-throw shooter.
- to identify the involvement of players and persons permitted to sit on the team benches during any act of violence or potential act of violence.
  - The referees are authorised to stop the game immediately to review any act of violence or potential act of violence.
  - The review must take place before the ball becomes live after the referees have stopped the game for the first time for any reason, following the act of violence or potential act of violence.

#### **F.4 Head coach's challenge**

- F.4.1 In all games where the Instant Replay System (IRS) is used the head coach may request a head coach's challenge (HCC), i.e. ask the nearest referee to verify the decision of referees by using the IRS to review the game situation.
- F.4.2 For the HCC, the following procedure shall apply:
- The head coach shall be granted only one HCC in a game, regardless of whether the challenge is successful or not.
  - Only the game situations as in the Appendix F.3 may be challenged.
  - The time restrictions within Appendix F.3.2 and 3.3 do not apply. The HCC may be requested at any time in the game.
  - The head coach requesting a challenge shall establish visual contact with the nearest referee and ask clearly for the HCC. The head coach shall say loudly in English “challenge” and at the same time show the HCC signal (drawing a rectangular with the hands). The request shall be final and irreversible.
  - The head coach request for the HCC can be cancelled until the referee grants the request with the HCC signal.
  - The head coach must request the HCC and the review must take place at the latest when the referees have stopped the game for the first time after the decision, unless otherwise stated in these rules.
  - If the game continued without a stoppage the referees are authorised to stop the game immediately when they identify the HCC unless neither team shall be placed at a disadvantage.
  - The head coach shall indicate to the nearest referee the game situation to be reviewed.
  - The referee shall notify the scorer, using signal no. 59 that the HCC has been granted.
  - During the review the players shall remain on the court.
  - If the review provides the challenged decision is in favour of the requesting team, the initial decision shall be overturned.
  - If the review provides the challenged decision is not in favour of the requesting team, the initial decision shall remain.
  - The referees shall use the same procedure as in the review rule.
  - After the referee has reported the final decision of the review, the game shall be resumed as after any review.

# HISTORY

- *The History of basketball, a game that started with 18 men in a YMCA gymnasium in Springfield, Mass., has grown into more than 300 million people play worldwide. The man who created this instantly successful sport was Dr. James Naismith.*

TODAY, JAMES NAISMITH WOULD BE  
UNIVERSALLY RECOGNIZED AS A  
GENIUS, A **BILL GATES OF SPORT**.  
ABNER DOUBLEDAY, WHO DIDN'T  
INVENT BASEBALL, IS PROBABLY A MORE  
WIDELY RECOGNIZED NAME THAN  
JAMES NAISMITH, WHO DID INVENT  
BASKETBALL.

*NAISMITH'S BIGGEST THRILL CAME WHEN HE  
WAS SPONSORED BY THE NATIONAL  
ASSOCIATION OF BASKETBALL COACHES  
(NABC) TO WITNESS BASKETBALL BECOME AN  
OLYMPIC SPORT AT THE 1936 GAMES HELD IN  
BERLIN.*

*JAMES NAISMITH BECAME FAMOUS BY  
CREATING THE GAME OF BASKETBALL, A  
STROKE OF GENIUS THAT NEVER BROUGHT  
HIM FAME OR FORTUNE DURING HIS  
LIFETIME, BUT ENORMOUS RECOGNITION  
FOLLOWING HIS PASSING IN 1939.*

# MAN TO MAN DEFENSE

The basic principle behind the man to man defense is the assignment of each player to guard one offensive man, and thus the area elements that are prominent in the zone defense is eliminated. Instead of shifting in relation to the position of the ball, the player shifts in relation to the positions of the men they have been assigned to guard.

# **THE STANDARD OR STRAIGHT MAN TO MAN DEFENSE**

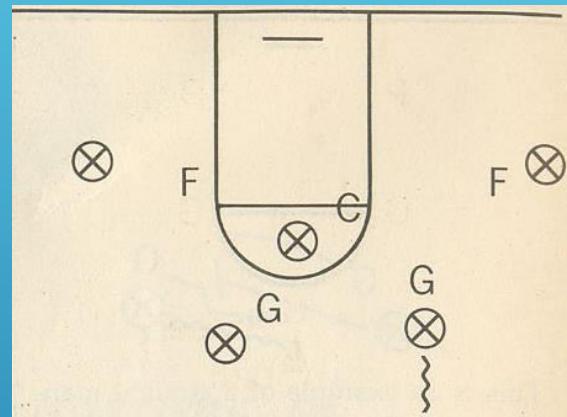

- The player using this defense will switch only when it is absolutely necessary. The player attempts to stay with their assigned man unless they are definitely screened out of the play. This defense is most difficult to use against offences which involves a great deal of players movement

This is the straight man-to-man defensive alignment. Notice that each defensive player is almost playing his opponent "honestly." The weakside defensive forward has sagged slightly. The defensive center overplays his man slightly toward the strong side.

# **THE AGGRESSIVE MAN TO MAN DEFENSE**

- ▶ This defense may be used in either a switching man to man or a straight man to man but regardless, it is executed aggressively, and this is the main characteristic of this type of man to man defense. The players using this defense will pick the guards up near the half-court line and will challenge passes made to team mates.

This is the very aggressive man-to-man defensive alignment. Notice that the offensive player with the ball has no clear passing lanes. Every defender is overplaying his man toward the ball. The defensive center is playing almost on the side of his man and should cut off the passing lane with his arms. The weakside defensive forward is away from his man, but he still has the passing lane effectively cut off.

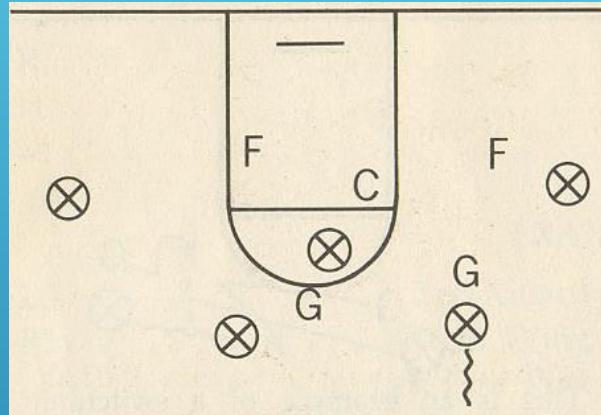

# **THE SWITCHING MAN TO MAN DEFENSE**

- The players using this defense will switch almost automatically when any screens are used. When switch is a matter of policy the switching can be anticipated and executed smoothly and rapidly, thus preventing the quick jump shot.

# **THE SAGGING MAN DEFENSE**

- ▶ This form of man to man defense is characterised not by the defensive action occurring at the ball but rather by the defensive movements made by the fore players who are not immediately involved with the ball.

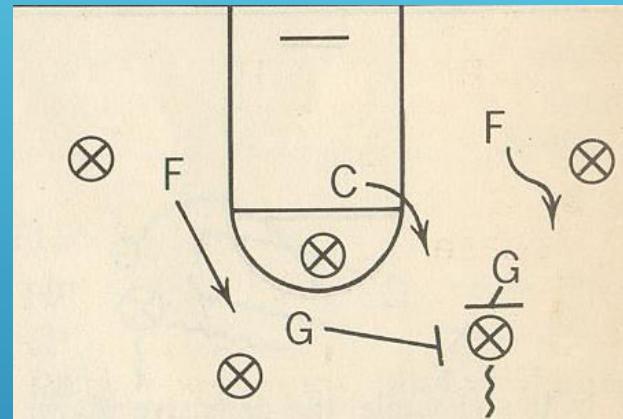

The sagging player may not be able to return to his man quickly enough to prevent him from attempting a quick outside shot.

This is the sagging man-to-man defensive alignment. Notice that the weakside defensive guard and forward have both sagged toward the center scoring area. This defense is generally used against a high scoring pivot man.

# **THE TRAPPING MAN TO MAN DEFENSE**

- A trap occurs when two defensive players double team an offensive player who opposes the ball. This move usually occurs by design at some designated area on the floor or at a designated point of action.

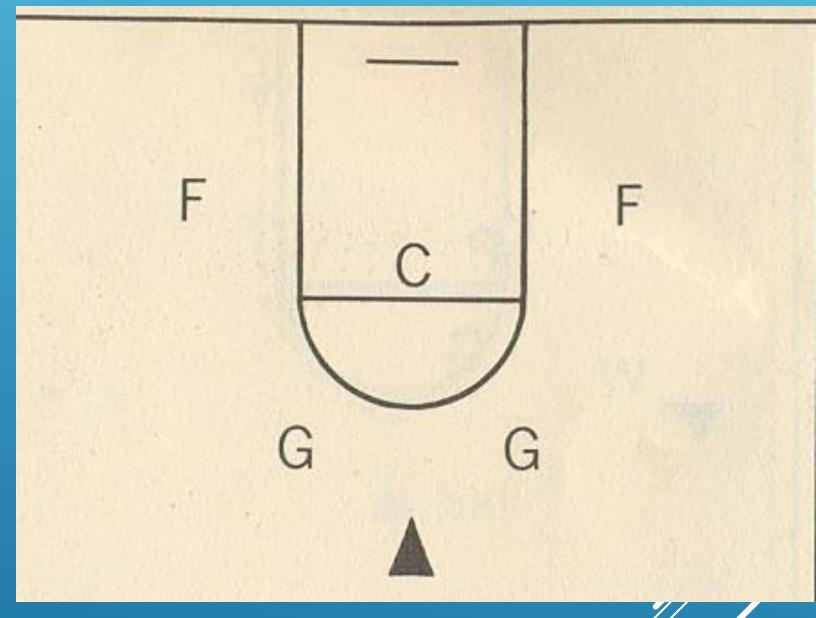

This is the trapping man-to-man defensive alignment. Notice that the weakside defensive guard has moved across to set the trap with the defensive player guarding the dribbler. When the trap is executed, the weakside defensive forward must move quickly up to be able to intercept a pass made to the weakside offensive guard. The defensive center and the strongside defensive forward move out to take away the passing lanes to their men.

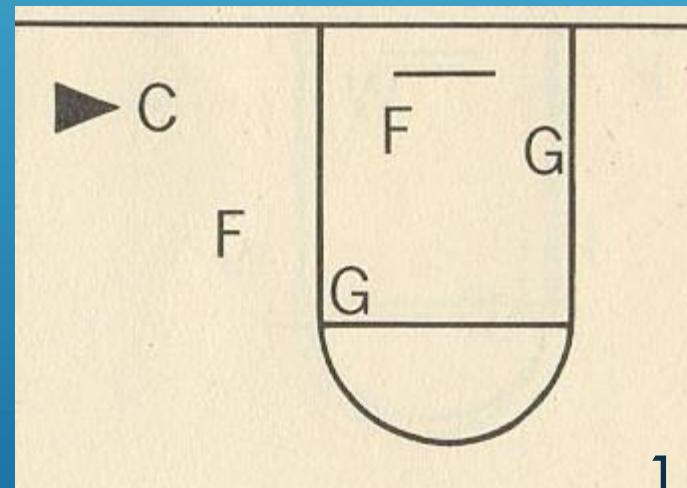

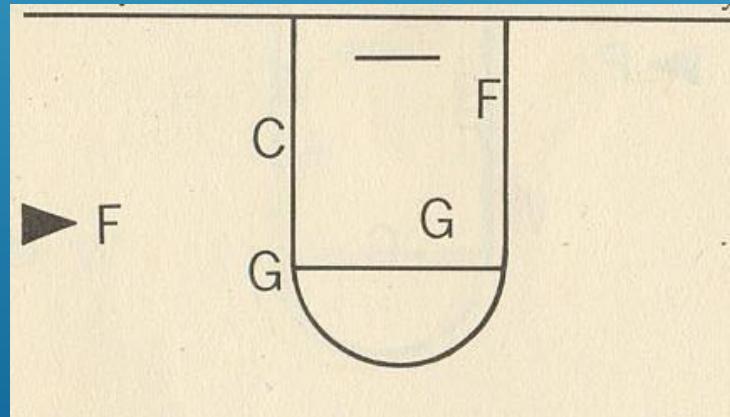

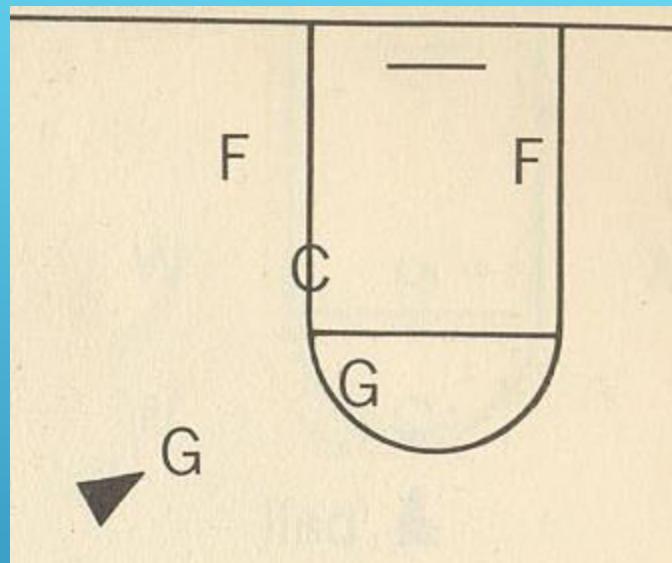

- ▶ This style of defense calls for the placement of the defensive players in designed areas in and around the defensive basket in order to give a maximum protection against good shots.
- ▶ It is strictly an area defense in that each man is assigned a certain area on the court to cover and guard only that offensive man who is located in his area.

## **ZONE DEFENSE**

# THE 2-3 OR 2-1-2 ZONE DEFENSE

- ▶ This defensive formation is quite likely the most widely used zone in basketball. The use of this zone is most effective against a team that has good outside shooting from the guards and strong scoring from the pivot area

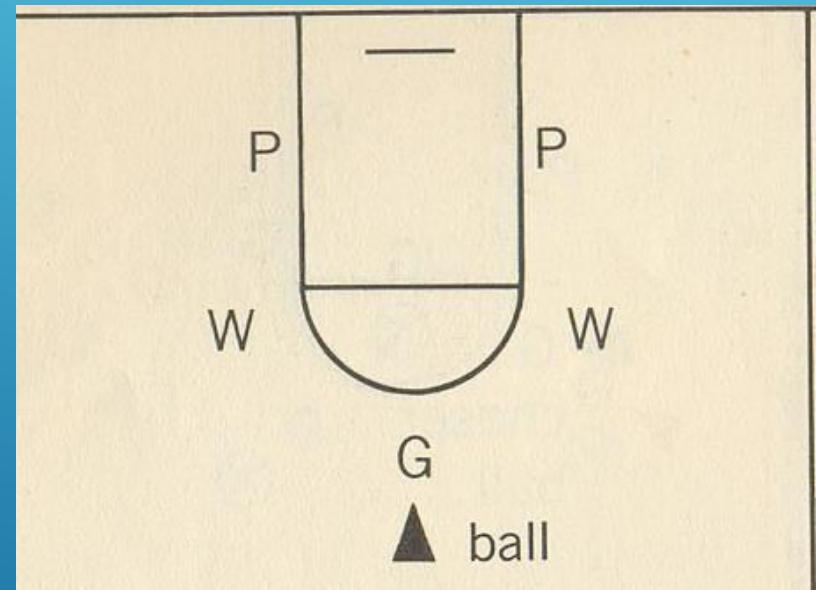

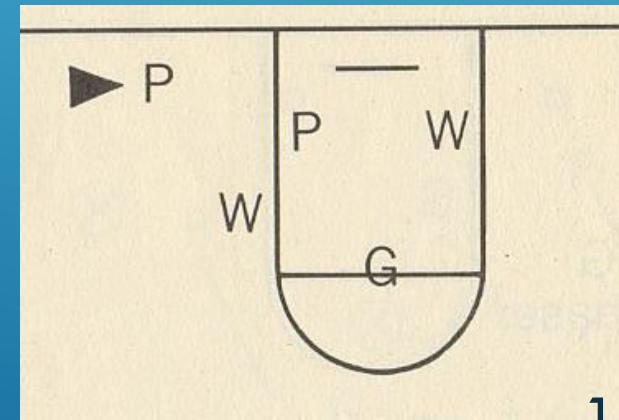

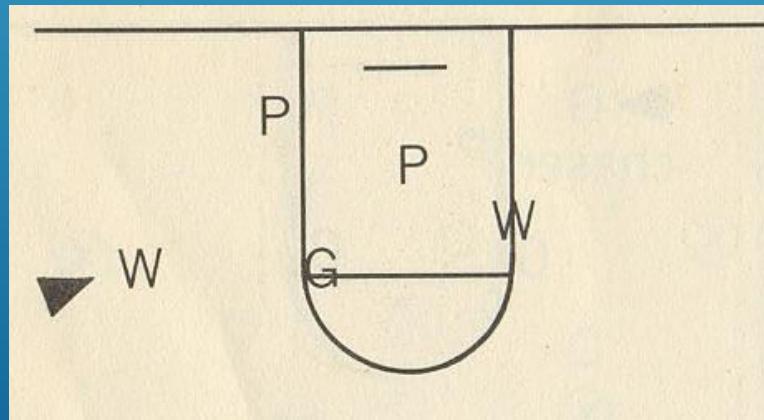

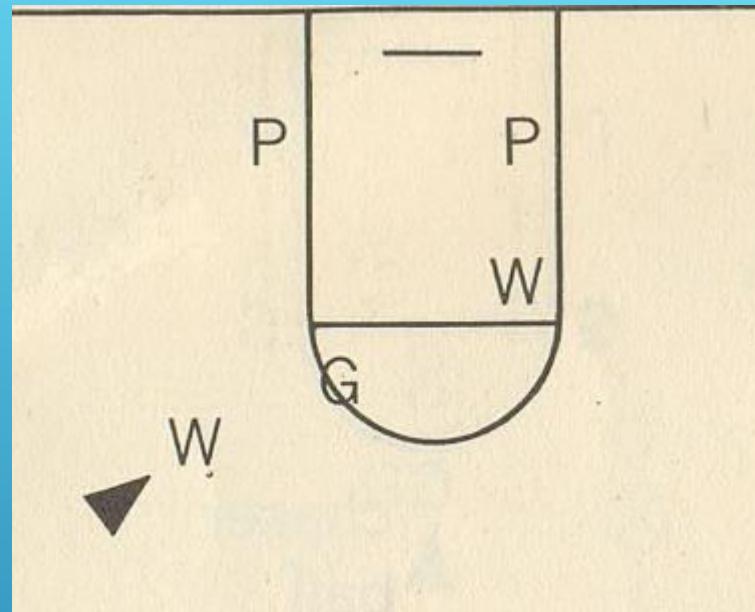

16

# THE 3-2 ZONE DEFENSE

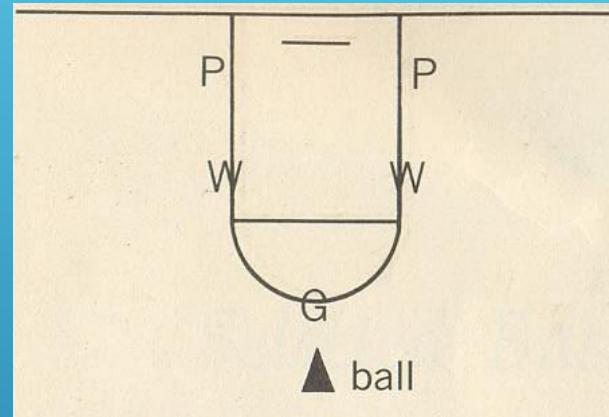

- ▶ The 3-2 zone defense is not utilised very often yet it is quite likely the strongest zone defense to use against the outside shooting of the offensive team. Conversely it is probably the weakest of zone defense to use in covering the lane or pivot area.

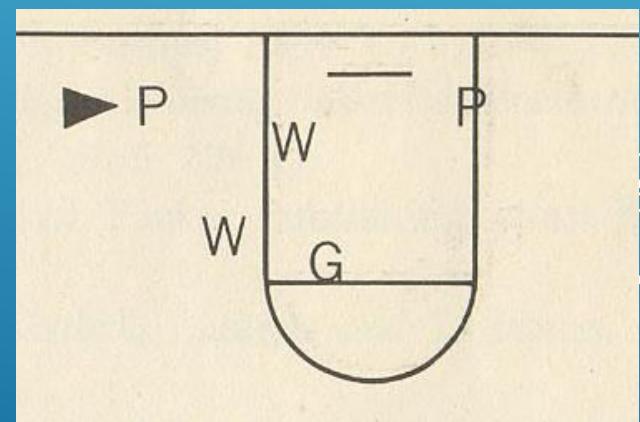

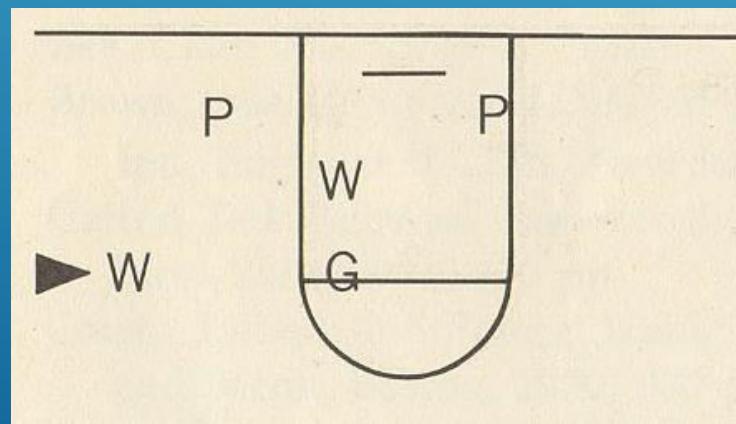

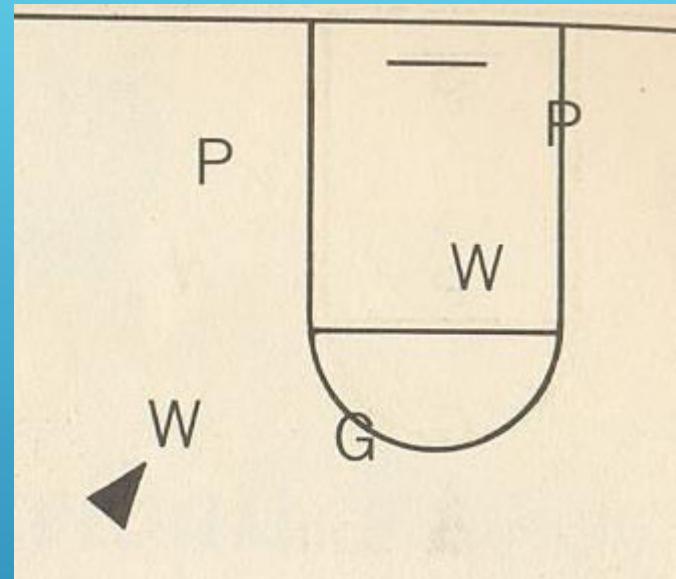

# THE 1-2-2 ZONE DEFENSE

- The 1-2-2 zone defense is another popular and widely used defense. The teams who use it are strong in covering the lane or pivot area, the base-line area, and are generally effective in defensive rebounding.

This popular zone defense has few weaknesses. Perhaps the most difficult task for the team using this zone is to cover the high post area adequately. If this can be done effectively, the defense is quite strong at all other positions.

- ▶ The use of this zone defense has gained wide spread popularity in recent years because it tends to prevent an offensive team from playing and immobile set alignment(non-player movement) against it. This zone formation is flexible enough so that the team mate shift to the 1-3-1 defensive alignment to counter the offensive movement.

## **THE FLEXING OR MATCH-UP ZONE DEFENSE**

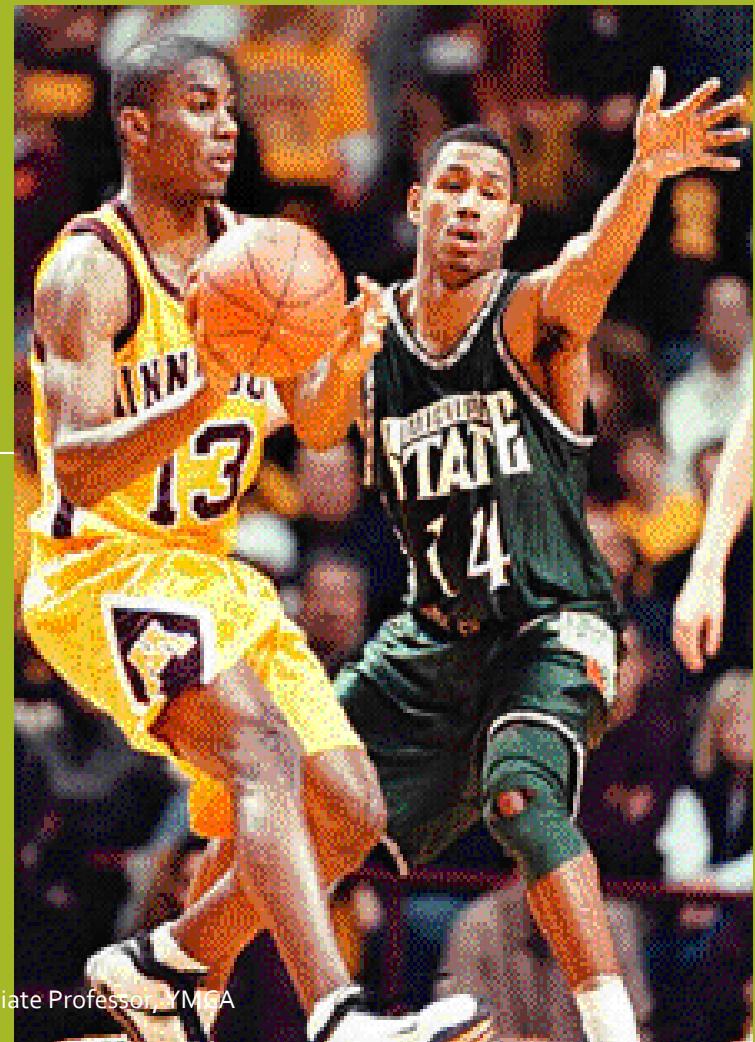

# THE PRESSING OR TRAPPING ZONE

- ▶ This defense is much like the trapping man to man defense.

# **LOW POST DEFENSE-BALL IS BELOW THE FREE THROW LINE**

**If the ball is below the free throw line try to get around the post player and "Full Front". Your teammates will need to help you on any lob pass. The post player probably is not going to want you in this position, so it is a constant fight for position between the post player and defender. Be active and try to AVOID contact. The post player will have more trouble "pinning" you in a position where they can receive the ball.**

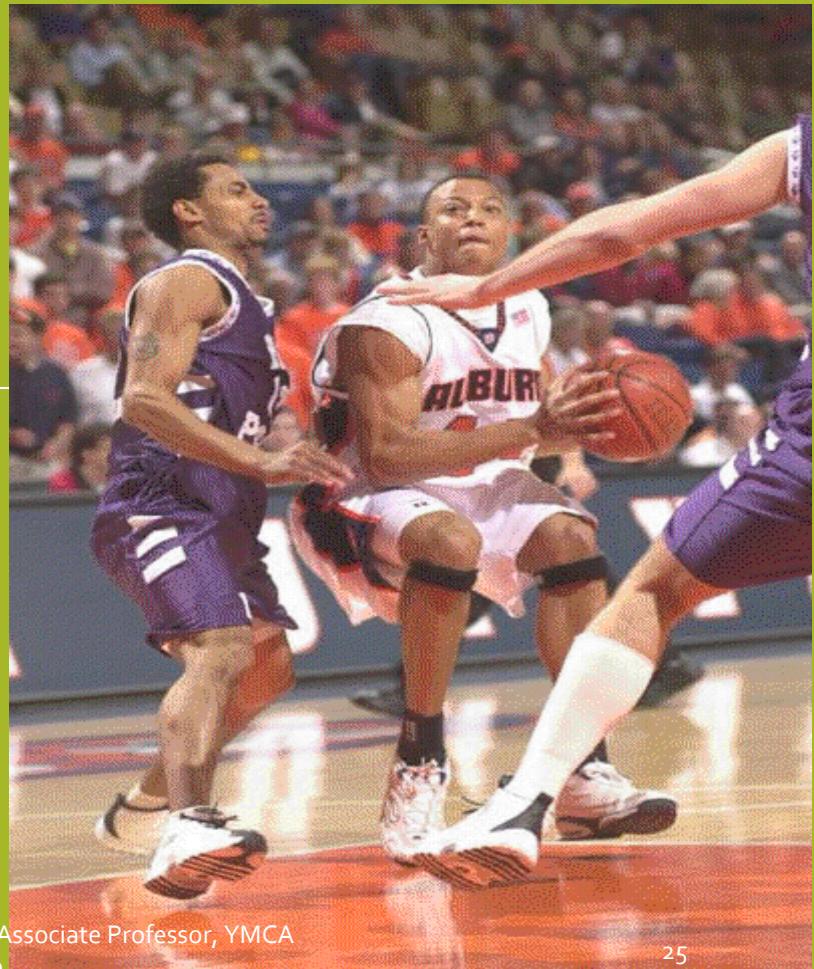

# BLOCKOUT AND OUTLET

**The defensive effort is completed when we have POSSESSION OF THE BALL. When the ball is shot we must have ALL FIVE PLAYERS fulfilling their rebound responsibility until the ball is CHINNED. The team will rebound covering the paint in a triangle shape. Then you can outlet the ball and apply your offensive pressure with the primary and secondary break .**

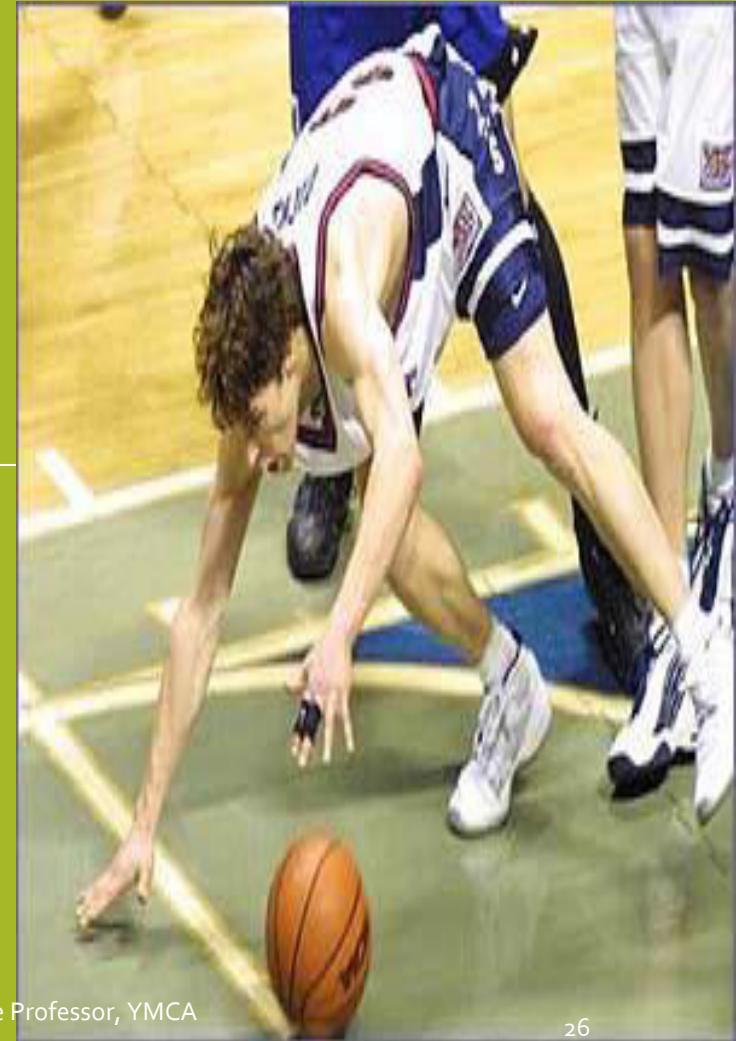

# LOW POST DEFENSE-HE'S PUSHED YOU OUT

The low post player might try to push you out after you "full front". If you get out too far you can release and get behind so that your feet are OUTSIDE of the key. Now you are between him and the basket and have him 12'-15' away. This makes it a tough shot for the offense and you have rebounding position.

# FORCE BASELINE

On the defensive side, force baseline because the baseline is an excellent defender. The baseline won't move and will always get in the way of the offensive dribbler. The backboard is also a good defender in that the dribbler can often times get behind it. With the on-ball defender, possible off-ball help as well as the baseline and backboard, that can make one heckuva trap if the ball-handler picks up his dribble.

# HIGH POST DEFENSE

The basic rule for guarding the high post(post player at the free throw line) is to deny the pass in from the side. This is a position where the defensive player is at the ball side of the post player, with the forward arm denying the pass into the post. Use the back of your other hand to maintain contact with your man. When the ball moves to the other side, go on the basket side of your man and assume the side denial position on the other side.

---

# PRESSURE THE BALL

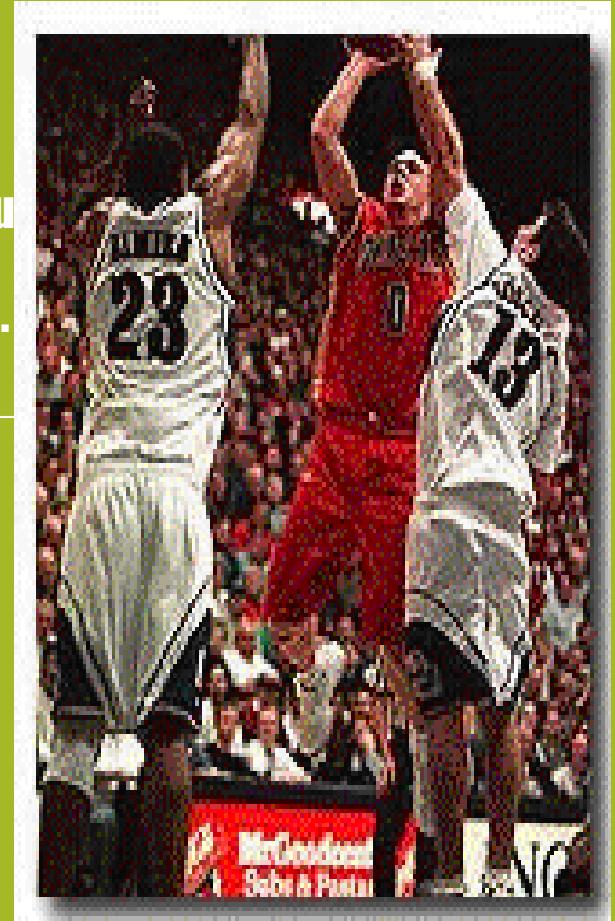

**A key to being a good defender is to always put pressure on the ball. Don't let an offensive player do anything with the ball--dribble, pass, or shoot--without having one of your hands trying to get into the way. Force him to his weakest side. Make him go where he doesn't want to go.**

---

# DEFENSIVE TRIANGLE

On Defense always be able to see your man and the ball (this is when your man doesn't have the ball). When your man is 1 pass away, you can deny the player from getting the ball. You must be in a defensive triangle position with you, the ball and your man. Flatten out the triangle, with you at the center point of the triangle. Try to get a hand in the passing lane(straight line between the ball and your man).

Position your head so that you can see both with your peripheral vision. Then slide up and back with your man, keeping that triangle position.

# **STRONGSIDE LANE CLOSURE**

**Strongside lane closure is the way you play defense when your man passes the ball and cuts to the basket. As soon as your player passes, make a quick jump to the ball side of your man, and slide down the lane with your player, putting yourself in the passing lane, and denying a pass from going into your man.**

---

# JUMP TO THE BALL

➤ Any time the ball is passed YOU MUST JUMP TO THE BALL. Make gradual, quick, immediate adjustments in your stance. You must be in position before the ball is caught. Jumping to the ball allows you to be in proper position to front cutters, avoid screens (be a moving target), and help teammates. Any time the ball is dribbled you must make the proper ball side or help side adjustments in positioning.

# CLOSE DOWN

➤ This is a strategy to use when you are coming to defend a player from a distance away, such as sprinting out to your man on a skip pass after help defense . What you do is sprint half way to your player and then in a low defensive position, use shuffle steps to assume good defensive position.

# WALL SITS

➤ A great exercise for increasing the strength and stamina needed in the legs for defense is wall sits. Take a position as if you were sitting in a chair with your back flat against a wall but with nothing underneath you to support your weight. Gradually build up the amount of time that you can do this.

# **STANCE**

**The proper defensive stance is necessary in order to play good defense. On the ball, feet should be shoulder width apart, with the knees bent, and your butt down and your back straight. Your hands should be outside your knees with the palms up. You should be low(your nose to your man's chest) in "nose-chest" position. When you are low, you can change directions more quickly, which is a key for playing great defense.**

# ECHO SYSTEM

➤ **Players should communicate using the ECHO SYSTEM. The coaches tell one player the drill or play, he calls it out to the team, team echoes it.**

# CONCLUSION

Defense is such a mental and physical skill.

Player should be encouraged to be proactive rather than reactive. This can be done by emphasizing the active elements of defense represented as follows by the acronym **ATTACK**

- » **A. Attitude**
- » **T.Teamwork**
- » **T. The tools of defense**
- » **Anticipation**
- » **C. Concentration**
- » **K. Keep in stance**
